Esprit Auber 1782 1871 the most amiable French composer of the 19th century came to his abilities late in life After a stalled commercial career he studied with Cherubini His first works were not a success but *La Berg re Ch teleine* 1820 written at the age of 38 established him as an operatic composer He then met the librettist Eug ne Scribe 1791 1861 with whom he developed a working partnership one of the most successful in musical history that lasted until Scribe s death After *Le Ma on* 1825 and *La Muette de Portici* 1828 Auber s life was filled with success In 1829 he was appointed a member of the Institut in 1839 Director of Concerts at Court in 1842 Director of the Conservatoire in 1852 Musical Director of the Imperial Chapel and in 1861 Grand Officer of the L gion d Honneur Auber s famous historical grand opera *La Muette de Portici* also known by its hero s name as *Masaniello* is a key work in operatic history and helped to inspire the 1830 revolution in Brussels that led to the separation of Belgium from Holland Auber himself experienced four French Revolutions 1789 1830 1848 1870 The latter The Commune hastened the end of his life He died on 12 May 1871 at the advanced old age of 89 and in the pitiful conditions of civil strife after a long and painful illness which worsened during the Siege of Paris He had refused to leave the city he had always loved despite the dangers and privation even after his house had been set on fire by the petroleurs et petroleuses By some irony a mark had been placed against the house of the composer of *Masaniello* the very voice of Romantic liberty Auber s overtures were once known everywhere a staple of the light Classical repertoire The influence of his gracious melodies and dance rhythms on piano and instrumental music and on the genre of Romantic comic opera especially in Germany was overwhelming The operas themselves apart from *Fra Diavolo* 1830 have virtually passed out of the repertoire since Auber s elegant and restrained art now has little appeal for the world of music attuned as it is to the meatier substance of verismo high Wagnerian ideology and twentieth century experimentalism *Manon Lescaut* an op ra comique in three acts with libretto by Eug ne Scribe was premiered at the Op ra Comique Deuxi me Salle Favart on 23 February 1856 The plot is derived from the novella *Histoire du Chevalier des Grieux et de Manon Lescaut* 1731 by Abb Antoine Fran ois Pr vost d Exiles Scribe

followed his usual practice in arranging novels for the stage retaining the names of characters the central incidents of the plot and effective moments which are used as coups de théâtre He adapted the novel freely cutting down the role of Des Grieux reducing Manon's various adventures to a single one involving the Marquis d'Hirigny and inventing new characters and relationships But he remained true to the novel emphasizing to the same degree Manon's unwavering devotion to Des Grieux her search for pleasure and dependence on luxury Auber who was 74 when he wrote the score worked with undiminished energy The ravishing overture immediately captures the pathos of Manon and her story the fateful relationship with the Marquis the giddy verve and gaiety of her world of opportunism and pleasure The dark side of the story is also reflected and suggests that friendship and devotion remain the only enduring values There is an abrupt generic shift in Act 3 from the elegant world of opéra comique to the more lyrically charged drame lyrique increasingly typical of Auber's late style Indeed the last scene devoted to the death of Manon and the despair of Des Grieux is a unique passage in Auber's operas and provided the composer with the opportunity of writing a type of dramatic symphony powerfully expressive in its simple grandeur and real emotion The cast included the famous virtuoso soprano Marie Josephe Cabel Manon the tenor Jules Puget Des Grieux and the legendary baritone Jean Baptist Faure Le marquis d'Hirigny Despite a positive reaction to the premiere the opera did not survive in the Parisian repertoire beyond 63 performances but there was resurgence of interest in this work in the late 20th century This edition reproduces the vocal score published in Paris by Maison Boieldieu 1856 **L'argente, la puissance et l'amour** François Fourquet, 1993 **L'amour en 3 dimensions** Raymond Viger, 2024-06-28T00:00:00Z
