City at the Edge of Forever Peter Lunenfeld, 2020-08-11 An engaging account of the uniquely creative spirit and bustling cultural ecology of contemporary Los Angeles How did Los Angeles start the 20th century as a dusty frontier town and end up a century later as one of the globe's supercities with unparalleled cultural economic and technological reach In *City at the Edge of Forever* Peter Lunenfeld constructs an urban portrait layer by layer from serendipitous affinities historical anomalies and uncanny correspondences In its pages modernist architecture and lifestyle capitalism come together via a surfer girl named Gidget Joan Didion's yellow Corvette is the brainchild of a car crazy Japanese American kid interned at Manzanar and the music of the Manson Family segues into the birth of sci fi fandom One

of the book's innovations is to brand Los Angeles as the alchemical city Earth became real estate when the Yankees took control in the nineteenth century Fire fueled the city's early explosive growth as the Southland's oil fields supplied the inexhaustible demands of drivers and their cars Air defined the area from WWII to the end of the Cold War with aeronautics and aerospace dominating the region's industries Water is now the key element and Southern California's ports are the largest in the western hemisphere What alchemists identify as the ethereal fifth element or quintessence this book positions as the glamour of Hollywood a spell that sustains the city but also needs to be broken in order to understand Los Angeles now Lunenfeld weaves together the city's art architecture and design juxtaposes its entertainment and literary histories and moves from restaurant kitchens to recording studios to ultra secret research and development labs In the process he reimagines Los Angeles as simultaneously an exemplar and cautionary tale for the 21st century

corrections departments and courts alike The new manual sought to solve a perennial problem by suggesting a standard taxonomy of crime Shortly after the Census Bureau issued its manual the International Association of Chiefs of Police in convention adopted a resolution to create a Committee on Uniform Crime Records to begin the process of describing what a national system of data on crimes known to the police might look like The key distinction between the rigorous classification proposed in this report and the classifications that have come before in U S crime statistics is that it is intended to partition the entirety of behaviors that could be considered criminal offenses into mutually exclusive categories Modernizing Crime Statistics Report 1 Defining and Classifying Crime assesses and makes recommendations for the development of a modern set of crime measures in the United States and the best means for obtaining them This first report develops a new classification of crime by weighing various perspectives on how crime should be defined and organized with the needs and demands of the full array of crime data users and stakeholders
