The Stranger in Early Modern and Modern Jewish Tradition Catherine Bartlett, Joachim Schlör, 2021-07-15

Throughout history Jews have often been regarded and treated as strangers In *The Stranger in Early Modern and Modern Jewish Tradition* authors from a wide variety of disciplines discuss how the notion of the stranger can offer an integrative perspective on Jewish identities on the non Jewish perceptions of Jews and on the relations between Jews and non Jews in an innovative way Contributions from history philosophy religion sociology literature and the arts offer a new perspective on the Jewish experience in early modern and modern times in contact and conflict in processes of attribution and allegation but also self reflection and negotiation focused on the figure of the stranger

A Month by the Lake & Other Stories Herbert Ernest Bates, 1987 If we set H E Bates's best tales against the best of Chekhov's Graham Greene declared I do not believe it would be possible with any conviction to argue that the Russian was the finer artist The sampler of H E Bates stories presented here shows the merit of that praise and displays the range and aspects of Bates's work from his first published story *The Flame* to one of his very last *The Song of the Wren* In his long and prolific literary career Bates 1905-1974 produced twenty five novels a three volume autobiography nine books of essays several plays and children's books as well as his important and perhaps most enduring achievement twenty three collections of short stories *A Month by the Lake* *Other Stories* displays Bates's extraordinary talent for concisely getting at the heart of the matter Whether he is dealing with romance in middle age the title story or the almost painful clarity of a child's world *The Cowslip Field* or encapsulating the disintegration and tragedy of a man and a house and the era and class they represent *The Flag* Bates's compassion for humanity remains constant As Anthony Burgess remarks in his introduction Bates achieved such sovereignty of what literary land he inherited that he deserves the homage of our uncomplicated enjoyment Bates's affection for ordinary people is one of his shining virtues But he himself as I knew and as this compilation should make clear was far from ordinary Book jacket

Romain Gary Ralph Schoolcraft, 2012-05-26 In this book Ralph Schoolcraft explores the extraordinary career of the modern French author film director and diplomat a romantic and tragic figure whose fictions extended well beyond his books Born Roman Kacew he overcame an impoverished boyhood to become a French Resistance hero and win the coveted Goncourt Prize under the pseudonym and largely invented persona Romain Gary Although he published such acclaimed works as *The Roots of Heaven* and *Promise at Dawn* the Gaullist traditions that he defended in the world of French letters fell from favor and his critical fortunes suffered at the hands of a hostile press Schoolcraft details Gary's frustrated struggle to evolve as a writer in the eye of a public that now considered him a known quantity Identifying the daring strategies used by this mysterious character as he undertook an elaborate scheme to reach a new readership Schoolcraft offers new insight into the dynamics of authorship and fame within the French literary institutions In the early 1970s Gary made his departure from the conservative literary establishment publishing works that boasted a quirky elliptical style under a variety of pseudonymous personae the most successful of which was that of an Algerian immigrant by the name of Emile Ajar Moving

behind the mask of his new creation Gary was able to win critical and popular acclaim and a second Goncourt in 1975 But as Schoolcraft suggests Gary may have sold his shadow that is lost his authorial persona by marketing himself too effectively Going so far as to recruit a cousin to stand in as the public face of this phantom author Gary kept the secret of his true authorship until his violent death in 1980 from a self inflicted gunshot wound The press reacted with resentment over the scheme and he was shunned into the ranks of literary oddities Schoolcraft draws from archives of the several thousand documents related to Gary housed at the French publishing firms of Gallimard and Mercure de France as well as the Butler Library at Columbia University Exploring the depths of a story that has long remained shrouded in mystery Romain Gary *The Man Who Sold His Shadow* is as much a fascinating biographical sketch as it is a thought provoking reflection on the assumptions made about identities in the public sphere
