A Frequency Dictionary of British English Vaclav

Brezina, Dana Gablasova, 2023-11-30 A Frequency Dictionary of British English provides information about the frequency and distribution of words in British English. The dictionary presents rich information about word frequencies and distributions in an accessible manner. In addition to textual and numerical information, the dictionary offers a range of visualisations to help understand the statistical properties of words. These visualisations are especially important for pedagogical uses of the book. This book also includes vocabulary exercises for learners of English to activate their vocabulary with the help of the dictionary. The dictionary is based on extensive research on current British English using the British National Corpus 2014, a 100 million word corpus of contemporary British English developed at Lancaster University. The corpus represents a wide range of genres, registers of spoken and written English, including informal speech, fiction, newspapers, academic writing, and language. Additional support materials for this book are available at <https://lancslex.lancs.ac.uk>. This dictionary is designed to meet the needs of a wide variety of users interested in current British English vocabulary, including students, educators, journalists, material developers, and researchers.

CURRENT ENGLISH GRAMMAR AND USAGE, SECOND EDITION
GUPTA, S. M., 2019-06-01 In the present age of Information and Communication Technology (ICT) revolution and social networking scenario, fast and precise communication has become the need of the hour. But in the whirlwind of fluency, accuracy cannot be sacrificed. Sometimes adequate attention is not paid to the use of grammar and usage, which leaves a very bad impression on the readers. This book on English grammar presents the topics in an innovative way and meets the long felt need of a good user-friendly grammar book. The book makes the study of grammar very interesting, challenging, and exciting. It discusses grammatical categories, processes, and principles of sentence construction in a very simple and lucid manner. The book starts with the discussion of word classes and goes on to describe phrases and sentences. More importantly, it deals with the problem areas of tenses, modal verbs, articles, determiners, prepositions, passive constructions, and direct and indirect narration in a novel way. The composition section of the book includes a very useful presentation of letter writing, precis writing, report writing, reading comprehension, and above all, the use of vocabulary. The Appendices on how to avoid spelling errors and a complete list of the types of sentences are very useful. This comprehensive and well-researched book should prove very valuable for undergraduate students of all streams. Besides professionals, those preparing for competitive examinations and even any lay reader who wishes to possess the essentials of English grammar and usage will find the book useful and interesting. In the Second Edition of the book, the introduction of two new chapters on error analysis and functional grammar will prove very useful to interviewees and competitors.

KEY FEATURES Explains difficult grammatical concepts in a simple and lucid language. Provides models for every writing activity. Incorporates latest linguistic research in the conceptualization and presentation of the grammatical material. Contains lots of exercises with solutions. Adds comprehensive material on error analysis and functional grammar.

TARGET AUDIENCE UG and PG Students of all streams. Aspirants of competitive exams. Teachers and instructors.
