resistance into action Winston opens a diary He subsequently falls in love with a young female colleague and together they begin a love affair that in the dictatorship that invades every aspect of life is in itself an act of high treason Even though they have different views on the society they live in they are united by the rejection of its narrow moral corset and the desire for individual freedom and not least a right to love and feel While Winston understands HOW the machinery of tyranny works he does not understand WHY the massive effort of its surveillance and repressive apparatus is undertaken When they decide to seek contact with the underground opposition and eventually end up in the hands of the repression apparatus of the state Winston learns the true background of Oceania s society Until his death George Orwell was a convinced socialist all the greater was the effect his work published in 1949 had on the political left of the time On the political left the Soviet Union was seen as the realisation of Marx s ideas the workers paradise that would free the enslaved masses from their shackles Orwell was one of the few leftists of his time who dared to shake this narrative Under the impression of the undeniable terror of Stalinist rule and its cynical opportunistic cooperation with fascist and capitalist foreign countries he criticised the hypocrisy and inhumanities of the real communism with *Animal Farm* and 1984 **1984** George Orwell,1983 The classic science fiction story of a society in which Big Brother is always watching everyone s actions The World of George Orwell Miriam Gross,1971 Photographs and selected essays provide a record of the English author s life and career and reveal the major phases of his intellectual development
