Halal Monk A Christian On A Journey Through Islam:

Halal Monk. A Christian on a Journey through Islam. Jonas Yunus Atlas, 2015-04-21 To acquaint himself with the soul of Islam J Y Atlas had openhearted conversations with influential Muslim scholars and artists From Jakarta to New York and from London to Lahore this Christian theologian met with imams and Sufis academics and feminists punkers and poets The result is a book full of novel insights that will help us to transcend today s cultural and religious impasses Attempts of interfaith dialogue often stay away from the more difficult issues and remain somewhat superficial With his Halal Monk journey Atlas wanted to go further He wanted to get to the root of our current tensions This book collects his most fascinating dialogues at the intersection of culture society and religion In between those conversations some extra light is shed on key concepts of the Islamic tradition and their relevance for today s debates Topics as diverse as quranic exegesis islamic mysticism and islamic feminism are all treated in a nuanced manner Difficult subjects like islamic fundamentalism and jihad aren t circumvented but placed within their context and clarified Aspects of the islamic faith like sharia and ijtiḥād are explained and juxtaposed with the Christian tradition Halal Monk A Christian on a Journey through Islam is one of the most insightful and honest books on Muslim culture spirituality and theology A must read for anyone who wants to have a better grasp of the place of islam in the modern world Endorsements and reviews We need many more books like this one The reader emerges from this study with a real and fresh grasp of a tradition that is in movement in dialogue with itself and so in transition Rowan Williams former Archbishop of Canterbury The interviews and reflections in this book offer sensitive clear and extremely interesting insights into Islam and Islamic thought The opportunity to listen in on the author s conversations is a distinct privilege Marie Dennis co president of Pax Christi International The book could not have been written any better by a Muslim but then it is important that it was written by an upright self critical Christian I will make the book a must read for my students both religious and non religious Shaykh Bashir Ahmad Dultz founding president and shaykh of the German Muslim League Profound understanding among Muslims and Christians is critical for civil health of the 21st century and this book points in a promising direction Rev William E Swing Founder of URI and Former Episcopal Bishop of California Jonas succeeds in his quest to find common ground John Marks Founder Senior Advisor Search for Common Ground [The Routledge Companion to Performance Philosophy](#) Laura Cull Ó Maoilearca, Alice Lagaay, 2020-07-08 The Routledge Companion to Performance Philosophy is a volume of especially commissioned critical essays conversations collaborative creative and performative writing mapping the key contexts debates methods discourses and practices in this developing field Firstly the collection offers new insights on the fundamental question of how thinking happens where when how and by whom philosophy is performed Secondly it provides a plurality of new accounts of performance and performativity as the production of ideas bodies and knowledges in the arts and beyond Comprising texts written by international artists philosophers and scholars from multiple disciplines the essays engage with questions of how

performance thinks and how thought is performed in a wide range of philosophies and performances from the ancient to the contemporary Concepts and practices from diverse geographical regions and cultural traditions are analysed to draw conclusions about how performance operates across art philosophy and everyday life The collection both contributes to and critiques the philosophy of music dance theatre and performance exploring the idea of a philosophy from the arts It is crucial reading material for those interested in the hierarchy of the relationship between philosophy and the arts advancing debates on philosophical method and the relation between Performance and Philosophy more broadly

Extremist Islam Kumar Ramakrishna, 2022 Since the Bali terrorist attacks in 2002 law enforcement agencies have rigorously combatted terrorist networks in Southeast Asia yet groups motivated by violent extremist interpretations of Islam remain resilient and dangerous This book shines a light on specific beliefs behaviors and policies that impact these challenges ultimately offering cutting edge effective tools for response The book begins by challenging misguided and controversial notions that depict Islam as an inherently violent religion arguing that the theological ideological amalgam of what has been called Salafabism is the more useful lens for recognizing closed minded extremist currents The book carefully distinguishes this Salafabist extremist mindset from relatively open minded Salafabist radicalism paying due attention to nonviolent extremists and the ways they can contribute to rather than reduce violent terrorist activity in the region Using poignant case studies from Malaysia Singapore the Philippines and Indonesia the book clarifies a bewildering range of terminology associated with Islamist violence and explains how imprecise and oversimplified narratives are destructive to progress and worse empowering to terrorist organizations These chapters build up to research informed policies and rhetorical recommendations for improved outcomes With its novel insights into the root causes of extremist terrorism in Southeast Asia the ineffective policies that prohibit progress and promote unrest in this region and the avenues for positive change this book offers a comprehensive strategy for fostering theologically sound yet culturally authentic counterterrorist measures that defend the complex richly textured tapestry of culture in Southeast Asia

Southeast Asian Affairs 2017 Daljit Singh, 2018-02-14 Southeast Asian Affairs first published in 1974 is an annual review of significant trends and developments in the region It provides comprehensive commentaries to further the understanding of not only the region s dynamism but also of its tensions and conflicts Thematic chapters examine key issues for the region as a whole whilst country specific chapters provide detailed roundups of the developments and their implications of the year s events

Religion Jonas Atlas, 2023-07-28 I ve been wanting to see someone crystallize the myths about religion and show them for what they are This is an important breakthrough and major clarification Rupert Sheldrake best selling author of *The Science Delusion* and *Science and Spiritual Practices* Despite religion being a core theme of many contemporary debates a solid and settled definition of the concept has not yet been reached Nevertheless it is regularly assumed that because of their common characteristics we are able to recognize religious phenomena when we see them For example it is often supposed that religion is primarily based on faith

that religion conflicts with science and that the world would be a lot less violent without religions Yet no matter how widespread such assumptions might be in the end they turn out to be incorrect What we think about religion does not correspond to what religion really is Offering many concrete examples from different traditions Religion Reality Behind the Myths dispels the main misunderstandings breaches the contemporary opposition between secular versus religious and presents a novel view on the essence of religion

Secularisms in a Postsecular Age? José Mapril,Ruy Blanes,Emerson Giumbelli,Erin K. Wilson,2017-02-24 This volume ethnographically explores the relation between secularities and religious subjectivities As a consequence of the demise of secularization theory we live in an interesting intellectual moment where the so called post secular coexists with the secular which in turn has become pluralized and historicized This cohabitation of the secular and post secular is revealed mainly through political dialectical processes that overshadow the subjective and inter subjective dimensions of secularity making it difficult to pinpoint concrete sites agents and objects of expression Drawing on cases from South America Africa and Europe contributors apply key insights from religious studies debates on the genealogies and formations of both religion and secularism They explore the spaces persons and places in which these categories emerge and mutually constitute one another

Breath: The inner essence of meditation and prayer Jonas Yunus Atlas,2014-12-15 This little gem beautifully elucidates the flow of our mind heart and soul during meditation and prayer It explains how we can guide our inner being to moments of spiritual contemplation In a concise and poetic language Jonas Yunus Atlas clarifies the core aspects of meditation and prayer He does not discuss their outer forms or technical aspects but reveals their mental forms and deeper spirit And while doing so he reframes our relationship with the divine Many meditation books focus on bodily exercises and physical postures that are needed to open distinct energy channels The verses in this book however describe the different spiritual postures that open the channels of the soul between ourselves and God

The Islamic Moses Mustafa Akyol,2024-09-10 A theological and historical exploration of the connection between Islam and Judaism through the single most mentioned character in the Quran Moses There is one human mentioned in the Quran more than any other Moses Why is it that the Jewish prophet dominates the Islamic scripture Because he is the role model for Muhammad Islam s own prophet Because Islam just like Christianity is deeply intertwined with Judaism although surprisingly little attention has been given to this fascinating connection between the two religions Author and journalist Mustafa Akyol takes readers on a theological and historical walk through that much neglected side of the Abrahamic triangle the Judeo Islamic tradition Using Moses presence in the Quran as a jumping off point Akyol explores the first historical encounter between Muslims and Jews the creative symbiosis and mutual enrichment that occurred between the two belief systems in medieval times and the modern emergence development and perception of the two religions At a time of bitter conflict in the Middle East *The Islamic Moses* dives into the older deeper and often unexpectedly brighter story of Jews and Muslims Readers of any background will be surprised by the common historical and theological ground that exists between

the two religions and will come away with a better understanding of both
