Israel Le Nouvel Apartheid:

ISRAEL, le nouvel apartheid Michel Bôle Richard, 2013-04-03 T00:00:00+02:00 Voici un ouvrage qui risque de faire du bruit L auteur grand reporter au journal Le Monde en Afrique du sud avant la libération de Mandela puis en Israël durant de longues années a tabli un parallèle entre les deux régimes Il se développe en effet en Israël un régime d'apartheid En attestent la judaïsation de Jérusalem le blocus de Gaza l'exclusion des bidouilles la discrimination envers les Arabes israéliens le pillage systématique des terres palestiniennes et leur transformation en bantoustans la colonisation galopante Un livre fondé sur des faits et des témoignages qui vise à alerter l'opinion et exhorter notamment l'Europe à agir *Israelis and Palestinians in the Shadows of the Wall* Stéphanie Latte Abdallah, Cédric Parizot, 2016-03-09 Shedding light on the recent mutations of the Israeli separation policy whose institutional and spatial configurations are increasingly complex this book argues that this policy has actually reinforced the interconnectedness of Israelis and Palestinian lives and their spaces Instead of focusing on the overmediated separation wall this book deals with what it hides its shadows Based on fieldwork studies carried out by French Italian Israeli Palestinian and Swiss researchers on the many sides of the Israeli Palestinian divide it highlights a new geography of occupation specific forms of interconnectedness and power relations between Israeli and Palestinian spaces It offers a better understanding of the transformation of people's interactions their experiences and the ongoing economy of exchanges created by the separation regime This heterogeneous regime increasingly involves the participation of Palestinian and international actors Grounded in refined decryptions of territorial realities and of experiences of social actors daily lives this book goes beyond usual political media and security representations and discourses on conflict to understand its contemporary stakes on the ground Siria en el torbellino Conde, Gilberto, 2013-01-18 Una parte muy importante de la población siria expresa voluntad y esperanzas de cambio a partir de marzo de 2011 Se desataron manifestaciones masivas a las que los aparatos de seguridad del Estado respondieron con escaladas de represión Buscando salvaguardar sus propios intereses gobiernos y movimientos de diferentes países dieron su apoyo a las autoridades en unos casos y a los rebeldes en otros la rebelión terminó por convertirse en una sublevación armada a la que el régimen respondió con toda la violencia imaginable Al cabo de un par de años lo que había en Siria no era una simple guerra civil sino un amasijo de devastadores conflictos bélicos con su estela de muertes así como con millones de desplazados y refugiados Esta obra reúne las investigaciones de un número importante de investigadores iberoamericanos especializados en el estudio del Medio Oriente que discuten sin pretensión de unanimidad muy diversos aspectos de estos acontecimientos Handbook of Israel: Major Debates Eliezer Ben-Rafael, Julius H. Operation Al-Aqsa flood Jacques Baud, 2024-03-01 Why did Operation Al Aqsa Flood take place and what were Hamas's objectives What really happened on the ground on October 7th What lessons can we learn from the operations carried out by both sides To answer these three questions and many others Jacques Baud revisits the Israeli Palestinian conflict from its very beginnings Why has it still not found a solution What strategies have Israelis and Palestinians adopted over the past 75 years What is the impact of this conflict on our security What are the options for Israel and Palestine in the coming years In this book of rare clairvoyance

Jacques Baud deplores the fact that Western decisions are colliding with international law The question is not who we are for but how the international order created after 1945 should be applied Israel's failure to respect this law is provoking its downfall As with any conflict the solution will not come from emotion but from objective dispassionate analysis and honest mediation Back cover

EXTRAIT Gaza de l'autre côté de notre Méditerranée en face de nous sur les bords du même monde où les hommes restent des hommes dont aucun ne vaut plus qu'un autre Et pourtant on y perd parfois un bout de bout du monde tant les destructions sont l'œuvre d'une telle fiction mortelle Gaza est un chantier permanent de construction destruction reconstruction dans tous les sens du mot chantier concret idéologique symbolique quand tout est en désordre quel chantier Nous n'avons que le choix de rester debout le secret de Gaza c'est de faire d'un problème une solution je ne sais pas je n'ai pas appris comment baisser les bras La population de Gaza n'est ni un peuple en armes triomphant ni un peuple épuisé qui pleure ni un peuple de terroristes on dit que Gaza est un exemple de résilience Gaza tout peut arriver on n'est sûr de rien quand les droits humains ne sont pas libres d'accès personne ne sait pour soi ou pour les autres Tout le monde attend cela laisse beaucoup de place à l'altérité aux interprétations aux abus de pouvoir Gaza ce qui fait l'unité c'est la famille la solidarité concrète et quotidienne regarder autour de soi ne pas oublier l'autre la résistance Tout véritablement est occasion de fêter cette unité d'un peuple qui vit l'apartheid dont un des visages est l'occupation et reste le blocus et qui pour rester vivant et combatif s'anime de ce sentiment de résistance autour de l'unité nationale et familiale la solidarité active la fête Gaza rien ne circule l'économie est en panne c'est comme cultiver dans la mer on est condamné à taper soit contre les autres soit contre les murs il faut vivre la nuit Gaza les jeunes ne sont jamais sortis ils ne connaissent le monde que virtuellement ils ont connu trois guerres et n'ont pas le souvenir d'un passé heureux il ne reste que les récits

Antisemitism and Racism Christine Achinger, Robert Fine, 2017-10-02 The growing

threat of antisemitism racism and Islamophobia within the European political landscape poses urgent and difficult questions These questions concern both commonalities and connections between these forms of prejudice and persecution and differences regarding their discursive functions and the image of the other they project In this volume we interrogate the specific forms antiracism and anti antisemitism take in the public sphere their representation in scholarly discourses and the fact that they increasingly seem to be at home in separate and sometimes antagonistic political and academic camps We also address the conceptual resources and research tools required to study the unity that lies behind these varied phenomena This collection has a new introduction and brings together papers that arose out of discussions in the European Sociological Association Network on Racism and Antisemitism published in European Societies The chapters relate to current issues in the area of racism and anti Semitism such as the notable impact of the Israel Palestine conflict on antisemitism in Europe the contested antizionist humour of Dieudonn in France relations between antisemitic and Islamophobic attitudes in Italy and Spain the problem of antisemitic reactions to Islamophobia in Arab media the historical relation of antisemitism to other kinds of racism in German literary discourse and how their study can be instructive for the investigation of antisemitism and Islamophobia today the difficulties Marxists internationally have faced in addressing concerns about antisemitism and current disconnections between racism and antisemitism in the human sciences These papers raise fundamental issues of understanding the modern world This book was originally published as a special issue of European Studies

The Colonial Legacy in France Nicolas Bancel,Pascal Blanchard,Dominic Thomas,2017-05-01 Debates about the legacy of colonialism in France are not new but they have taken on new urgency in the wake of recent terrorist attacks Responding to acts of religious and racial violence in 2005 2010 and 2015 and beyond the essays in this volume pit French ideals against government sponsored revisionist decrees that have exacerbated tensions complicated the process of establishing and recording national memory and triggered divisive debates on what it means to identify as French As they document the checkered legacy of French colonialism the contributors raise questions about France and the contemporary role of Islam the banlieues immigration race history pedagogy and the future of the Republic This innovative volume reconsiders the cultural economic political and social realities facing global French citizens today and includes contributions by Achille Mbembe Benjamin Stora Fran oise Verg s Alec Hargreaves Elsa Dorlin and Alain Mabanckou among others
