The participants in this study engage in classic Christian practices yet approach them in a subjective and new way that also potentially revitalizes their spiritual lives Hence the author makes the case that their spirituality can aptly be described as a new old spirituality The book also seeks to nuance Paul Heelas s and Linda Woodhead s Spiritual Revolution claim and thus engages in the broader spirituality vs religion discourse A New Old Spirituality is an exciting example of how qualitative empirical research can be used in creative ways to make a practical theological argument It is a book for scholars students and practitioners
