Judy Blume Ann Penguin Books:

Feminist Discourse in Irish Literature Jennifer Mooney, 2022-07-21 Feminist Discourse in Irish Literature addresses the role of young adult YA Irish literature in responding and contributing to some of the most controversial and contemporary issues in today's modern society gender and conflicting views of power sexism and consent This volume provides an original innovative and necessary examination of how rape culture and the intersections between feminism and power have become increasingly relevant to Irish society in the years since Irish author Louise O'Neill's novels for young adults *Only Ever Yours* and *Asking For It* were published In consideration of the socio-political context in Ireland and broader Western culture from which O'Neill's works were written and taking into account a selection of Irish American Australian and British YA texts that address similar issues in different contexts this book highlights the contradictions in O'Neill's works and illuminates their potential to function as a form of literary social fundamentalism which often undermines rather than promotes equality

Growing Up Stories, 1995 The young people featured in these stories face many challenges the rivalry and affection inspired by brothers and sisters the problems created by too strict or too liberal parents and what happens when the time comes to take on personal responsibility Includes excerpts from such authors as Judy Blume John Steinbeck Paul Zindel and others

The Early Reader in Children's Literature and Culture Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children's literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic

objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children s texts that have been translated and sold around the globe examining them as part of an increasingly transnational children s media culture that may add to or supplant regional ethnic and national children s literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe

American Childhood Anne Scott MacLeod,1995-10-01 In this collection of fourteen essays Anne Scott MacLeod locates and describes shifts in the American concept of childhood as those changes are suggested in nearly two centuries of children s stories Most of the essays concern domestic novels for children or adolescents stories set more or less in the time of their publication Some essays also draw creatively on childhood memoirs travel writings that contain foreigners observations of American children and other studies of children s literature The topics on which MacLeod writes range from the current politicized marketplace for children s books to the reestablishment and reconfiguration of the family in recent children s fiction to the ways that literature challenges or enforces the idealization of children MacLeod sometimes considers a single author s canon as when she discusses the feminism of the Nancy Drew mystery series or the Orwellian vision of Robert Cormier At other times she looks at a variety of works within a particular period for example Jacksonian America the post World War II decade or the 1970s MacLeod also examines books that were once immensely popular but currently have no appreciable readership the Horatio Alger stories for example and finds fresh intriguing ways to view the work of such well known writers as Louisa May Alcott Beverly Cleary and Paul Zindel
