*Rautatie* Juhani Aho, 1884      **Jean Sibelius's Violin Concerto** Tina K. Ramnarine, 2020 Jean Sibelius's Violin Concerto is the story of Sibelius as performer and composer of violin performing traditions of histories of musical transmission and of virtuosity itself It investigates the history and legacy of one of the most recorded concertos in the violin repertoire Sibelius a celebrated and influential composer of the late 19th and 20th centuries was an accomplished violinist whose enduring interest in the instrument has been paralleled by the broad success of the only concerto in his oeuvre his violin concerto premiered in 1904 and revised in 1905 Considering how violinists engage with the work author Tina K Ramnarine discusses technology's central role in the concerto's transmission from Jascha Heifetz's seminal 1935 recording to contemporary online performances gender issues in violin solo careers and nature based musical aesthetics that lead to thinking about the ecology of virtuosity in an era of environmental crisis Beginning with Sibelius's early training as a violinist and his aspirations as a performer Ramnarine traces the dramatic historical context of the violin concerto It was composed as Finland underwent a period of heightened self determination nationalism and protest against Russian imperial policies and it heralded intense political dynamics relating to Europe's East West border that have extended to the present This story of the violin concerto points to the notion of Sibelius and the virtuoso more generally as a political figure      Proximity and Distance in Northern Landscape Photography Darcy White, Chris Goldie, 2020-07-02 Northern landscapes are both real places and representations imagined spaces notions which are bound to collide in landscape photography In this book photographers academics curators and archivists from Germany Finland Scandinavia the US and the UK address urgent questions about environmental degradation globalization consumerism and the role of new technologies of representation in relation to landscape Wide ranging case studies examine the interpretation experience and appropriation of landscape in northern Europe northern England Scotland and the Nordic countries The book explores tensions in landscape photography between an emphasis on proximity and the embodied experience of place and space and an advocacy of distance and critical engagement and a questioning of the primacy of direct experience      Rautatie Juhani Aho, 2021-01-18      **Aleksis Kivi and/as World Literature** Douglas Robinson, 2017-03-06 Aleksis Kivi 1834 1872 is Finland's greatest writer His great 1870 novel *The Brothers Seven* has been translated 59 times into 34 languages Is he world literature or not In *Aleksis Kivi and/as World Literature* Douglas Robinson uses this question as a wedge for exploring the nature and nurture of world literature and the contributions made by translators to it Drawing on Deleuze and Guattari's notion of major and minor literature Robinson argues that translators have mainly majoritized Kivi translated him respectfully and so created images of literary tourism that ill suit recognition as world literature Far better he insists is the impulse to minoritize to find and celebrate the minor writer in Kivi who sends the major language racing      Catalogue of Printed Books , 1900      **Rautatie** Juhani Aho, 2021-07-29

Juhani Ahon teos Rautatie on merkittävä osa suomalaista kirjallisuutta ja realismia. Kirja sijoittuu 1800-luvun loppupuolelle ja seuraa pienen maalaistalon elämää junaradan rakentamisen ympärillä. Ahon kerronta yhdistää arjen kuvastoa ja inhimillisiä tunteita, mikä tekee hahmoista uskottavia ja eläviä. Kirjan tyyli on suoraviivainen ja kaunis, kaikki yksityiskohdat ovat tarkasti mietittyjä. Luoden eläimien kuvan aikakauden elämästä Rautatien symboliikka yhdistää teossarjan teknologian ja modernisaation tuomat muutokset ihmisten elämään. Juhani Aho (1861–1921) oli suomalainen kirjailija ja journalistinen vaikuttaja, joka tunnetaan erityisesti realistisista ja kansanomaisista teoksistaan. Hänen kirjoituksensa kumpuavat omista kokemuksistaan ja aikansa yhteiskunnallisista muutoksista. Aho oli myös suomenruotsalaisen kulttuurin ja kirjallisuuden kohdalla tärkeä hahmo, mikä näkyy hänen kyvyssään yhdistää eri kulttuurillisia elementtejä. Aho oli tunnettu myös hänen kyvystään kuvata kauniisti luontoa ja ihmisen psykologista maailmaa. Suosittelemme Rautatiet kaikille, jotka ovat kiinnostuneita suomalaisesta kulttuurista ja historiasta. Teos tarjoaa sekä nostalgisen katsauksen menneeseen että ajankuvallisia oivalluksia, jotka resonoivat edelleen nykypäivän sen kerrontatapa ja teemat herättävät voimakkaasti ajatuksia ja tunteita tehden siitä ajattoman lukukokemuksen.

**19th Century Europe** Hannu Salmi, 2013-04-24 Nineteenth Century Europe offers a much needed concise and fresh look at European culture between the Great Revolution in France and the First World War. It encompasses all major themes of the period from the rising nationalism of the early nineteenth century to the pessimistic views of fin de siècle. It is a lucid, fluent presentation that appeals to both students of history and culture and the general audience interested in European cultural history. The book attempts to see the culture of the nineteenth century in broad terms, integrating everyday ways of life into the story as mental material and social practices. It also highlights ways of thinking, mentalities and emotions in order to construct a picture of this period of another kind that goes beyond a story of isms or intellectual and artistic movements. Although the nineteenth century has often been described as a century of rising factory pipes and grey industrial cities as a cradle of modern culture, the era has many faces. This book pays special attention to the experiences of contemporaries: from the fear for steaming engines to the longing for the pre-industrial past; from the idle calmness of bourgeois life to the awakening consumerism of the department stores; from curious exoticism to increasing xenophobia; from optimistic visions of future to the expectations of an approaching end. The century that is only a few generations away from us is strange and familiar at the same time: a bygone world that has in many ways influenced our present-day world.
