Need a marine electronics system but don't know where to start? This section is here to guide you to the creation of your perfect system.

Whether you're fitting out a 17' fishing boat or a 100' motor yacht, Raymarine has the equipment you need: single vessel solutions or networked systems, with the performance and ease-of-use you expect from Raymarine.

Over the next eight pages, you'll find examples of marine electronics systems, for powerboats and sailboats of various sizes. It's not a hard and fast guide - every boat has its own particular needs - but it's an excellent starting point.

Contact your local dealer for more detailed advice about product specifications and options. You can locate your nearest dealer online at [www.raymarine.com](http://www.raymarine.com)

This can be done with the flexibility that the Raymarine system gives us, the fact that the components are a single unit, they're fully enclosed, water proof - allowing everything from climate control, wind noise and vibration through to the engine house, and fuel consumption."
