

A stylized illustration of a woman with dark hair, wearing a dark, possibly sequined, dress. She is lying down with her head tilted back and her arms raised high in the air, palms facing forward. The background is white, and the overall style is graphic and expressive.

The Idea of Perfection Paul Valéry,2020-04-14 A fresh look into the monumental work of Paul Valéry one of the major French literary figures of the twentieth century Heir to Mallarmé and the symbolists godfather to the modernists Paul Valéry was a poet with thousands of readers and few followers great resonance and little echo Along with Rilke and Eliot he stands as a bridge between the tradition of the nineteenth century and the novelty of the twentieth His reputation as a poet rests on three slim volumes published in a span of only ten years Yet these poems it turns out are inseparable from another much vaster intellectual and artistic enterprise the Notebooks Behind the published works behind the uneventful life of the almost forgotten and then exceedingly famous poet there hides another story a private life of the mind that has its record in 28 000 pages of notes revealed in their entirety only after his death Their existence had been hinted at evoked in rumors and literary asides but once made public it took years for their significance to be fully appreciated It turned out that the prose fragments published in Valéry's lifetime were not the after the fact musings of an accomplished poet nor his occasional sketchbook nor excerpts from his private journal They were a disfigured glimpse of a vast and fragmentary exercise of thought a restless intellectual

quest as unguided and yet as persistent as rigorous and as uncontrollable as the sea that is so often their subject The Idea of Perfection shows both sides of Valéry the craftsman of sublimely refined verse and the fervent investigator of the limits of human intellect and expression It intersperses his three essential poetic works Album of Early Verse The Young Fate and Charms with incisive selections from the Notebooks and finishes with the prose poem The Angel Masterfully translated by Nathaniel Rudavsky Brody with careful attention to form and a natural yet metrical contemporary poetic voice The Idea of Perfection breathes new life into poems that are among the most beautiful in the French language and the most influential of the twentieth century Assassination of experience by painting, Monory Jean-François Lyotard, 2013 Lyotard met Jacques Monory in 1972 and the text on him published at that time was the first that Lyotard dedicated to contemporary art since Discourse Figure Lyotard's interest in the plastic arts thus fits fully within the setting of his political preoccupations The artist protagonist stages the recurring motifs that fascinate Lyotard the scene of the crime the revolver the woman the victim glaciers deserts stars The atmosphere of the essays on Monory is Californian Monory's imaginary repertoire goes well beyond the masters of modernity and is in line rather with a modern contemporary surrealism Both Lyotard and Monory live the dilemma of Americanization the America represented by cinema fashion novels music It is in this atmosphere that Lyotard and Monory will finally evoke their supreme experience of difference desire and fear exultation and a profound malaise The plastic universe of Monory and the aesthetic meditations of Lyotard are in perfect symbiosis Sarah Wilson's epilogue thoroughly outlines both the history of a friendship and at the same time the intellectual and artistic climate of the 1970s
