Maths Pixl 2014:

The Toxic Classroom Richard Steward, 2020-06-09 The Toxic Classroom offers a wide ranging look at education today and explores in detail the pressures children experience as a result of constant change digital technology and political interference Beginning with what it is like to be a child in the classroom the book goes on to provide a detailed analysis of the curriculum assessment and accountability school structures educating for global citizenship and the plethora of social issues schools are now expected to solve Written from the perspective of a successful headteacher with over 30 years teaching experience the book considers what needs to be done to put things right and outlines a more equitable and effective school system Each chapter outlines the steps schools can implement immediately and the longer term policy changes that are needed de toxify the classroom and facilitate a genuine love of learning Offering a challenging yet compelling argument for putting education back into the hands of teachers this book will be of great interest both to the general reader and to those working within education such as teachers and professionals who wish to improve the ways in which children learn and develop

Celebrating the International Year of Mineralogy Luca Bindi, Giuseppe Cruciani, 2023-05-06 This volume celebrates mineral sciences and what are considered the most important progresses and breakthroughs in this discipline Authoritative authors who in most cases are the direct discoverers recount the steps of their research which represent landmark developments of mineralogy and mineralogical crystallography

True Colors Gry Garness, 2014-01-26 This interactive e book is named True Colors because it describes what we aim for when we try to produce an image without randomly changing its colours in print or on the internet It centres on how to make the workflow of shooting processing manipulation reproduction to be as predictable and optimal as possible The human factor is central to the book Most mistakes in the colour workflow are made through bad or lacking communication and there s a chapter on Communicating Color not only about human speak but on how colour translates and communicates digitally to analogue output It covers print ink paper light viewing and the many factors within Colour Management that are non digital
