**Re-Forming the Liturgy** Paul Galbreath,2019-04-18 Christian worship is always undergoing change as it adapts to particular contexts and concerns This collection of essays explores ways 1 that liturgical change happened to address particular historical and theological concerns 2 that worship and preaching are currently undergoing transition and 3 that aspects of worship are in need of transformation in order to address primary issues of our time with a focus on environmental and ecological concerns Spacial attention is paid to the role of the Sacraments and to preaching with an emphasis on the need to connect worship with daily life These essays show readers ways that liturgical renewal worked in the past as well as offer a persuasive case for continual renewal that responds to key issues in our contemporary lives

Renaissance Culture and the Everyday Patricia Fumerton,Simon Hunt,2014-06-10 It was not unusual during the Renaissance for cooks to torture animals before slaughtering them in order to render the meat more tender for women to use needlepoint to cover up their misconduct and prove their obedience and for people to cover the walls of their own homes with graffiti Items and activities as familiar as mirrors books horses everyday speech money laundry baskets graffiti embroidery and food preparation look decidedly less familiar when seen through the eyes of Renaissance men and women In

Renaissance Culture and the Everyday such scholars as Judith Brown Frances Dolan Richard Helgerson Debora Shuger Don Wayne and Stephanie Jed illuminate the sometimes surprising issues at stake in just such common matters of everyday life during the Renaissance in England and on the Continent Organized around the categories of materiality women and transgression and constantly crossing these categories the book promotes and challenges readers thinking of the everyday While not ignoring the aristocratic it foregrounds the common person the marginal and the domestic even as it presents the unusual details of their existence What results is an expansive variegated and sometimes even contradictory vision in which the strange becomes not alien but a defining mark of everyday life

**Popular Culture and the Political Values of Neoliberalism** George A. Gonzalez,2019-02-01 Reality is made up of the Absolute and Causality The absolute most saliently philosophized about by Georg Hegel is where normative values inhere Causality can be described as the measurable effects of the normative values of the absolute and the laws of physics also ostensibly a product of the absolute Humans are special insofar as they access the higher aspects of the Absolute altruism compassion love humor science engineering etc The Absolute also contains what can be considered the less attractive values or impulses greed lust for power hate self centeredness conceit etc Predicating society on what I deem the lower spirits aspects of the absolute most prominently greed results in personal social dysfunction and ultimately the end of civilization Conversely a society based on justice is stable and vibrant Justice is a classless society free of gender and ethnic biases My argument is based on popular culture especially the Star Trek franchise One implication of my thesis is that capitalist values generate psychological neurosis and societal instability even catastrophe Additionally the political values that dominate the current neoliberalist world system and especially the American government are the other the will to power resulting in war and

global political instability Popular culture is germane to philosophy and contemporary politics because television movie creators frequently try to attract viewers by conveying authentic philosophical and political motifs Conversely viewers seek out authentic movies and television shows This is in contrast to opinion surveys for instance as the formation of the data begins with the surveyor seeking to directly solicit an opinion however impromptu or shallow **British Museum**

Alexandra da Costa,2012-07-12 This book investigates how Syon Abbey responded to the religious turbulence of the 1520s and 1530s It examines the eleven books three brothers William Bonde John Fewterer and Richard Whitford had printed during this period and argues that the Bridgettines used vernacular printing to engage with religious and political

developments that threatened their understanding of orthodox faith Through these works and their some twenty six editions the Abbey presented itself as part of the vanguard of the Church fighting heterodoxy with a three fold commitment to reformed spiritual leadership vernacular theology and the spiritual education of the laity It used its printed books to to augment inferior parochial instruction bolster orthodox faith and contradict evangelical argument resist Henry VIII s desire for ecclesiastical supremacy and defend the monastic way of life The book has three principal aims First to continue the debate about the nature of late medieval Catholicism by directing attention to one community that publicly proclaimed a very specific Catholic identity Second to highlight the shifting nature of that identity which developed continuously in response to evangelicalism Third to emphasise the importance and impact of conservative vernacular theology in this period Reforming Printing makes a strong contribution to our understanding of the Bridgettine community of Syon Abbey and more generally the monastic and Catholic response to the developments that culminated in Henry VIII s break with Rome It sheds new light upon the religious climate of the 1520s and 30s and will be of considerable interest to literary scholars and historians of the English Reformation especially those working on early modern religious writing **The Oxford History of Poetry in English** Catherine Bates,Patrick Cheney,2022 A history of the birth moment of modern English poetry from Skelton to Spenser that studies a range of poets from Wyatt Surrey and Isabella Whitney to Raleigh Drayton and Mary Herbert

**Uncovering Calvin's God** Forrest H. Buckner,2020-08-20 Although God loves you is a common summary of the central message of Christian teaching and preaching a close reading of the Bible and attention to the Christian tradition will reveal passages of Scripture and Christian doctrines particularly John Calvin s doctrine of predestination that seem to undermine confidence in God s love for all people For numerous theologians including many within the Reformed tradition the secret decree of Calvin s God to save some and condemn others seems to undercut completely one s assurance of salvation along with one s ability to trust in and worship God However pastor and scholar John Calvin confidently spoke of God as a loving Father throughout his teaching and preaching In *Uncovering Calvin's God* Forrest H Buckner unearths Calvin s teaching about the God of love who reigns sovereign over predestination Drawing upon sources from across Calvin s corpus Buckner examines Calvin s teaching on the knowledge of God and the doctrine of predestination to provide a more robust and cohesive understanding of Calvin s theology which Buckner then confirms through an extensive examination of Calvin s preaching in Geneva He then offers a critical comparison of Calvin s approach with the teaching of Luther Zwingli Bullinger Arminius and Barth Using Calvin s system as a starting point this book helps readers perceive the essentials and trade offs of

any doctrine of predestination that takes seriously both the Bible and the loving God revealed in Jesus Christ
