RED Noah Kadner, 2010-04-07 With the release of the RED ONE™ digital cinema camera the possibility of recording stunning cinematic quality images with an affordable camera became a reality. Now that the industry has embraced the nascent technology and added new tools and workflows filmmakers from independents on up are leading the charge on establishing new rules. Here to guide newcomers and RED veterans alike popular trainer and filmmaker Noah Kadner picks up where the manual leaves off. You've got the basic operations down and now you'll learn how to use the camera in a production environment and discover the various options in post. Using a clear objective approach he offers best practice advice on utilizing RED's proprietary tools explains the workflows for Final Cut Studio Avid and Premiere Pro and gives workaround solutions where needed. Well known filmmakers and industry leaders share their own bleeding edge production methodologies throughout offering a rare view into this exciting new world of filmmaking. Here are just a few things you'll learn to do: Build a RED package that fits your budget. Set up for sound recording and learn which audio tools to use. Achieve the optimal exposure using RED's onboard tools and external gear. Edit your footage with step by step instructions for Avid Final Cut Pro and Premiere Pro. Work color correction into your HD film or Web projects. Prep your project for output and archive your footage.
