discovery there had been little new information about Richard III for some time With no new evidence to fuel it the debate over what kind of man he might have been seemed to have stalled Thus the story of the discovery of Richard III is a story of the value of archaeology careful analysis of physical evidence backed up by the latest science and technology and how it can change our understanding of history Firsthand accounts from the team that found the king along with photographs from the author's own archives and an expanded epilogue incorporating new DNA evidence augment this compelling detective story as the evidence is uncovered

**In Search of the Lost Chord** Gavin D, 2020-10-27 In this book I will take you on a very emotional and sometimes dark journey I will share what my life was like before I drank and used drugs What I became like when I was using and more importantly the road to my recovery For many years I failed to stay sober until one day I woke up and didn't want to be alive anymore I was spiritually lost and broken I was a very lonely man when I took my last alcoholic beverage Although I had much to live for I welcomed an end to the pain and suffering I was causing myself and family The people in Alcoholics Anonymous were patient and tolerant They loved me when I had no love to give and held me as I picked up the pieces of my life On my search I found a higher power a spiritual home and just as important I found freedom from self I enjoy sobriety today because I keep my recovery simple I refrain from taking the first drink of alcohol simple yet very effective It is a wonderful gift to help others recover from this insidious disease called alcoholism
