Exemplary Elementary Social Studies Sherry L. Field, Jeff Passe, Andrea S. Libresco, Janet Alleman, 2014-04-01 In many elementary classrooms social studies has taken a back seat to English Language Arts and Mathematics in the wake of No Child Left Behind and Race to the Top This volume is not another hand wringing lament On the contrary the elementary educators who have contributed to this volume have a positive set of stories to tell about how social studies can play a central role in the elementary classroom how teachers can integrate social studies knowledge and skills throughout the school day and how this learning can carry over into children s homes and communities The seven case studies in this book one at each elementary grade level highlight exemplary teachers in whose classrooms social studies is alive and well in this age of accountability At the end of each case study each teacher provides advice for elementary teachers of social studies Our hope is that elementary teachers and prospective teachers elementary principals social studies supervisors staff developers and professors of elementary social studies methods who study the stories that we tell can be empowered to return social studies to its rightful place in the curriculum

A Guide to Modern Econometrics Marno Verbeek, 2017-07-31 A Guide to Modern Econometrics 5th Edition has become established as a highly successful textbook It serves as a guide to alternative techniques in econometrics with an emphasis on intuition and the practical implementation of these approaches This fifth edition builds upon the success of its predecessors The text has been carefully checked and updated taking into account recent developments and insights It includes new material on causal inference the use and limitation of p values instrumental variables estimation and its implementation regression discontinuity design standardized coefficients and the presentation of estimation results

Narrating Practice with Children and Adolescents Mery F. Diaz, Benjamin Shepard, 2019-09-24 In Narrating Practice with Children and Adolescents social workers sociologists researchers and helping professionals share engaging and evocative stories of practice that aim to center the young client s story Drawing on work with a variety of disadvantaged populations in New York City and around the world they seek to raise awareness of the diversity of the individual experiences of youth They make use of a variety of narrative approaches to offer new perspectives on a range of critical health care mental health and social issues that shape the lives of children and adolescents The book considers the narratives we tell about the lives and experiences of children and adolescents and proposes counternarratives that challenge

dominant ideas about childhood Contributors examine the environments and structures that shape the lives of children and youth from an ecological lens From their stories emerge questions about how those working with young clients might respond to a changing landscape How do we define and construct childhood How do poverty and inequality impact children s health and welfare How is childhood lived at the intersection of race class and gender How can practitioners engage children and adolescents through culturally responsive and democratic processes Offering new frameworks for reflecting on social work practice the essays in *Narrating Practice with Children and Adolescents* also serve as a vehicle for exploration of children s agency and voice

Gliomas ,2016-03-02 Researchers knowledge of gliomas continues to advance rapidly at both the basic and translational levels and *Gliomas* provides a thorough overview of the evolving fields of tumor biology and clinical medicine as they relate to our understanding of brain tumors *Gliomas* reviews the current paradigms that underlie these fields beginning with the molecular epidemiology of glioma susceptibility and prognosis through population based science and genome wide association studies The book s discussion of imaging modalities extends beyond advances in anatomical imaging to include metabolic and physiological studies This work provides thorough discussion of the clinical view of tumors ranging from the presentation of the patient to surgical management and covers all therapeutic options for patient care including chemotherapy targeted molecular therapies immunotherapies and even personalized approaches to impact the set of lesions Additionally the book discusses radiotherapy with regard to the many options available to treat patients using myriad fractionated techniques with various sources Finally *Gliomas* reviews issues specific to the quality of life for patients and techniques for maximizing the effect of caregivers Edited and authored by premier researchers from around the world *Gliomas* is a comprehensive reference for clinicians and researchers seeking the most up to date information on gliomas and a guide to the best ways to effectively manage glioma patients and their care Synthesizes widely dispersed information on the management of gliomas into one comprehensive resource Chapters written by international authors who are preeminent researchers in the field Fully explores the therapeutic options for patient care from chemotherapy to radiotherapy to personalized approaches

Education for Sustainable Development and Disaster Risk Reduction Rajib Shaw,Yukihiko Oikawa,2014-08-06 Education for Sustainable Development ESD and Disaster Risk Reduction Education DRRE have overlapping areas of concern focusing on strengthening the link to local communities In reality there is significant synergy in ESD and disaster risk reduction DRR Both concepts urge looking at the communities both focus on behavior changes and both call for linking knowledge to action The Decade of Education for Sustainable Development DESD ends in 2014 and the Hyogo Framework for Action HFA ends in 2015 Therefore at this junction it is important to review the progress made over the past 10 years and to suggest future synergy options This book is the first attempt to review these two emerging fields and to provide input to the future direction of education The book has 11 chapters drawing lessons mainly from Japan and discussing their implications for the world The first four chapters provide an overview of the ESD DRR

linkage ESD and its evolution DRRE and Climate Change Education These are followed by case studies from ESD practices in Japan in schools universities and communities The primary target groups for this book are students and researchers in the fields of environment disaster risk reduction and climate change studies The book provides them with a good idea of the current research trends in the field and furnishes basic knowledge about these vital topics Another target group comprises practitioners and policy makers who will be able to apply the knowledge collected here to establishing policy and making decisions

The Blue Compendium Jane Lubchenco, Peter M. Haugan, 2023-05-24 Home to over 80 percent of all life on Earth the ocean is the world's largest carbon sink and a key source of food and economic security for billions of people The relevance of the ocean for humanity's future is undisputed However the ocean's great potential to drive economic growth and equitable job creation sustain healthy ecosystems and mitigate climate change is not yet fully recognised Lack of awareness of this potential as well as management and governance challenges pose impediments Until these impediments are removed ocean ecosystems will continue to be degraded and opportunities for people lost A transition and a clear path to a thriving and vibrant relationship between humans and the ocean are urgently needed This open access collection of papers and reports identifies a path that is inspired by science energised by engaged people and emboldened by visionary leaders These assessments of knowledge are commissioned by the High Level Panel for a Sustainable Ocean Economy Ocean Panel which was established in September 2018 as a unique initiative led by heads of state and government from around the world to showcase the latest leading edge science knowledge and state of the art thinking on key ocean issues Altogether The Blue Compendium offers innovative ocean solutions in technology policy governance and finance realms that could help accelerate a transition to a more sustainable and prosperous relationship with the ocean The comprehensive assessments have already informed policy making at the highest levels of government and motivated an impressive array of responsive and ambitious action across a growing network of leaders in business finance and civil society

Pennsylvania Government and Politics Thomas J. Baldino, Paula A. Duda Holoviak, 2024-03-12 This book provides a comprehensive examination of the Keystone State's formal and informal political institutions and players past and present and elucidates the place each holds in governing the commonwealth today Covering a period of more than three hundred years this volume presents a clear and succinct overview of the commonwealth's political history culture and geography interactions between office holders civil servants special interest groups and the media policy development and implementation how laws are created enacted and enforced hierarchy and interaction among state county local and special district government bodies and officials tax collection and disbursement and the political upheaval in the wake of the COVID 19 pandemic and the 2020 presidential election Featuring practical appendixes and interviews with current and past office holders bureaucrats party leaders and political journalists this astute and informative book is an indispensable tool for understanding politics in the Keystone State
