The State of Global Education Brad Maguth, Jeremy Hilburn, 2015-04-10 A battle is being waged in classrooms and capitals around the world over the goals and objectives of the future of global education While there is growing research in the area of global education much remains to be uncovered challenged and learned through sound empirical research and conceptual explorations What type of global citizens will schools promote What types of policies programs and instructional practices best promote effective global citizenship Will global education curricula advance an unwavering loyalty to neoliberal ideologies and interests over the strengthening of human rights and the environmental health of our planet This volume presents a series of research studies and innovative instructional practices centered on advancing global learning opportunities and literacies The authors in this volume initiate a much needed conversation on ways students in multiple contexts can and should learn with the world and its people Part I addresses global education in theory with a particular focus on development intercultural competence and global citizenship Part II addresses educational programs and practices that foster global learning and action to help build a better future for all citizens of our planet including experiential education university initiatives and conceptual approaches to teaching and learning This scholarship spans four continents in a multitude of educational contexts primary secondary and tertiary each with a focus on a different dimension of the possibilities and pitfalls in teaching about and with the world and its people

The Examiner, 1859

The Soul of a University Chris Brink, 2018-07-01 What is the role of a university in society In this innovative book Chris Brink offers the timely reminder that it should have social purpose as well as achieve academic excellence The current obsession with rankings and league tables has perpetuated inequality and is preventing social mobility This book shows how universities can and should respond to societal challenges and promote positive social change
