The Tyranny of Printers Jeffrey L. Pasley, 2002-11-29 Although frequently attacked for their partisanship and undue political influence the American media of today are objective and relatively ineffectual compared to their counterparts of two hundred years ago From the late eighteenth to the late nineteenth century newspapers were the republic s central political institutions working components of the party system rather than commentators on it The Tyranny of Printers narrates the rise of this newspaper based politics in which editors became the chief party spokesmen and newspaper offices often served as local party headquarters Beginning when Thomas Jefferson enlisted a Philadelphia editor to carry out his battle with Alexander Hamilton for the soul of the new republic and got caught trying to cover it up the centrality of newspapers in political life gained momentum after Jefferson s victory in 1800 which was widely credited to a superior network of papers Jeffrey L Pasley tells the rich story of this political culture and its culmination in Jacksonian democracy enlivening his narrative with accounts of the colorful but often tragic careers of individual editors

Spies in Arabia Priya Satia, 2008-04-02 At the dawn of the twentieth century British intelligence agents began to venture in increasing numbers to the Arab lands of the Ottoman Empire a region of crucial geopolitical importance spanning present day Iraq Jordan Syria and Saudi Arabia They were drawn by the twin objectives of securing the land route to India and finding adventure and spiritualism in a mysterious and ancient land But these competing desires created a dilemma how were they to discreetly and patriotically gather facts in a region they were drawn to for its legendary inscrutability and by the promise of fame and escape from Britain In this groundbreaking book Priya Satia tracks the intelligence community's tactical grappling with this problem and the myriad cultural institutional and political consequences of their methodological choices during and after the Great War She tells the story of how an imperial state in thrall to the cultural notions of equivocal agents and beset by an equally captivated and increasingly assertive mass democracy invented a wholly new style of covert empire centered on the world's first brutal aerial surveillance regime in Iraq Drawing on a wealth of archival sources from the fictional to the recently declassified this book explains how Britons reconciled genuine ethical scruples with the actual violence of their Middle Eastern empire As it vividly demonstrates how imperialism was made fit for an increasingly democratic and anti imperial world what emerges is a new interpretation of the military cultural and political legacies of the Great War and of the British Empire in the twentieth century Unpacking the romantic fascination with Arabia as the land of espionage Spies in Arabia presents a stark tale of poetic ambition war terror and failed redemption and the prehistory of our present discontents

economic and political history across the heartlands of the Hidden Ireland from the seventeenth century's civil wars to Catholic emancipation in the 1820s Dickson shows that colonization and commerce transformed the region but at a price even in South Munster's formative years the problems of pre-Famine Ireland gross income inequality and land scarcity were already evident Co published with Cork University Press Ireland Wisconsin edition for sale only in the U.S. its territories and possessions and Canada A masterful account So finely nuanced and meticulously researched that it effectively raises the historiographical bar for Irish regional history James G Patterson H Atlantic H Net Reviews **Current Catalog** National Library of Medicine (U.S.),1970 Includes subject section name section and 1968-1970 technical reports *The Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1892 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1970 *Title Announcement Bulletin* ,1955 *U.S. Government Research & Development Reports* ,1970 **Publishers' Circular and Booksellers' Record of British and Foreign Literature, Volume 57, July to December 1892** ,1892 *Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record* ,1892 *Nature and Nation* Jeyamalar Kathirithamby-Wells,2005-10-31 *Nature and Nation* explores the relations between people and forests in Peninsular Malaysia where the planet's richest terrestrial eco system met head on with the fastest pace of economic transformation experienced in the tropical world It engages the interplay of history culture science economics and politics to provide a holistic interpretation of the continuing relevance of forests to state and society in the moist tropics Malaysia has long been singled out for emulation by developing nations an accolade contradicted in recent years by concerns over its capital rather than poverty driven forest depletion The Malaysian case supports the call for re appraisal of entrenched prescriptions for development that go beyond material needs Book cover
