Frankenberger,Patricia Iglecias,Roberta Consentino Kronka Mülfarth,2018-05-14 Matters related to sustainable development
albeit global in nature are best handled at the local level This line of thinking is particularly true to the higher education
context where the design and implementation of sustainability initiatives on campuses can demonstrate how a given
university translates the principles of sustainable development into practice at the institutional level Yet there is a paucity of
specific events where a dialogue among sustainability academics and practitioners concerned with a research projects b
teaching and c planning and infra structure leading to campus greening takes place so as to allow a transdisciplinary and
cross sectoral exchange of ideas and experiences on the issues matters and problems at hand It is against this background
that this book has been prepared It is one of the outcomes of the First Symposium on Sustainability in University Campuses
SSUC 2017 organised by the University of S o Paulo in Brazil Manchester Metropolitan University UK the Research and
Transfer Centre Applications of Life Sciences of the Hamburg University of Applied Sciences Germany and the Inter
University Sustainable Development Research Programme IUSDRP This book showcases examples of campus based research
and teaching projects regenerative campus design low carbon and zero carbon buildings waste prevention and resilient
transport among others It also demonstrates the role of campuses as platforms for transformative social learning and
research and explores the means via which university campuses can be made more sustainable The aims of this publication
are as follows i to provide universities with an opportunity to obtain information on campus greening and sustainable campus
development initiatives from round the world ii to document and promote information ideas and experiences acquired in the
execution of research teaching and projects on campus greening and design especially successful initiatives and good

practice iii to introduce methodological approaches and projects which aim to integrate the topic of sustainable development in campus design and operations This book entails contributions from researchers and practitioners in the field of campus greening and sustainable development in the widest sense from business and economics to arts administration and environment **Bulletin** ,1911 **Resources in Education** ,2001-04 **Journal of Educational Method** ,1926
