**Rethinking Warfare in the 21st Century** Iulian Chifu, Greg Simons, 2023-07-13 A critical and multifaceted analysis of the problems created by the politics and communicated representation of contemporary warfare The Drone Debate Avery Plaw, Matthew S. Fricker, Carlos Colon, 2015-12-24 The Drone Debate offers a thorough investigation of the where why how and when of the U S s use of UAVs Beginning with a historical overview of the use of drones in warfare it then addresses whether targeted killing operations are strategically wise whether they are permissible under international law and the related ethical issues It also looks at the political factors behind the use of drones including domestic and global attitudes toward their use and potential issues of proliferation and escalation Finally the use of drones by other countries such as Israel and China is examined Each chapter features a case study that highlights particular incidents and patterns of operation in specific regions including Yemen Somalia Pakistan and Libya and strike types signature strikes personality strikes etc The Difference that Gender Makes to International Peace and Security Sara E. Davies, Nicole George, Jacqui True, 2018-10-29 Fifteen years after the adoption of UN Security Council Resolution 1325 which establishes the Women Peace and Security agenda there is now a need to assess the impacts of gender equality efforts and to understand why and how gender equality reforms have advanced to the extent that they have This book examines how international peace and security is re envisioned from a gender perspective by mostly focusing on the nuances presented by the Asia Pacific region It argues that despite the diversity of political socio cultural and economic systems in the Asia Pacific women and girls in the region continue to experience similar forms of insecurities Several countries in the Asia Pacific have demonstrated relative peace and stability In addition women s leadership and participation in peacebuilding are and continue to be increasingly recognized in the region too However as the chapters in this book demonstrate applying a critical gender analysis allows for the interrogation of veneers of political order which can then mask or normalise everyday gendered insecurities The analysis of country cases such as Myanmar Cambodia and Fiji underscores a rethinking of the political order in the Asia Pacific which leaves existing gender inequalities intact The chapters in this book were originally published in a special issue in the International Feminist Journal of Politics Our Social World Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2016-11-30 Inspire your students to develop their sociological imaginations in Our Social World Focused on deep learning rather than memorization this book encourages readers to analyze evaluate and apply information about the social world to see the connection between the world and personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World Model a conceptual framework used across chapters to see the complex links between various micro to macro levels of the social system students will develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects **The Life and World of Francis Rodd, Lord Rennell (1895-1978)** Philip Boobbyer, 2021-01-20 This book is a biographical study of the

geographer explorer and banker Francis Rodd the second Lord Rennell of Rodd 1895 1978 Rodd's life is interesting for the way it connected the worlds of geography international finance politics espionage and wartime military administration He was famous in the 1920s for his journeys to the Sahara and his study of the Tuareg People of the Veil 1926 A career in banking included a stint at the Bank of England before he became a Partner in the merchant bank Morgan Grenfell where remained for most of his working life 1933 1961 During the war he worked for the Ministry of Economic Warfare 1939 40 before getting closely involved in the sphere of military government civil affairs In 1942 he was War Office's Chief Political Officer in East Africa He was then appointed head of the first Allied Military Government in occupied Europe Chief Civil Affairs Officer of AMGOT In civil affairs he was drawn to the principles of indirect rule A generalist in an age of growing specialisation he was also a mixture of traditionalist and moderniser A product of Eton and Balliol College Oxford and elevated to the peerage in 1941 he was well connected socially and his life is a window onto British society at a time of great change

*The Drone Memos* Jameel Jaffer, 2010-01-12 A trenchant summation and analysis of the legal rationales behind the US drone policy of targeted killing of suspected terrorists including US citizens Publishers Weekly starred review In the long response to 9 11 the US government initiated a deeply controversial policy of targeted killing the extrajudicial execution of suspected terrorists and militants typically via drones A remarkable effort was made to legitimize this practice one that most human rights experts agree is illegal and that the United States has historically condemned In *The Drone Memos* civil rights lawyer Jameel Jaffer presents and assesses the legal memos and policy documents that enabled the Obama administration to put this program into action In a lucid and provocative introduction Jaffer who led the ACLU legal team that secured the release of many of the documents evaluates the drone memos in light of domestic and international law He connects the documents legal abstractions to the real world violence they allow and makes the case that we are trading core principles of democracy and human rights for the illusion of security A careful study of a secretive counterterrorism infrastructure capable of sustaining endless orderless war this book is profoundly necessary Katrina vanden Heuvel editor and publisher of *The Nation*

*On Bicycles* Evan Friss, 2019-05-07 Subways and yellow taxis may be the icons of New York transportation but it is the bicycle that has the longest claim to New York's streets two hundred years and counting Never has it taken to the streets without controversy 1819 was the year of the city's first bicycle and also its first bicycle ban Debates around the bicycle's place in city life have been so persistent not just because of its many uses recreation sport transportation business but because of changing conceptions of who cyclists are In *On Bicycles* Evan Friss traces the colorful and fraught history of cycling in New York City He uncovers the bicycle's place in the city over time showing how it has served as a mirror of the city's changing social economic infrastructural and cultural politics since it first appeared It has been central as when horse drawn carriages shared the road with bicycle lanes in the 1890s peripheral when Robert Moses's car centric vision made room for bicycles only as recreation and aggressively marginalized when Ed Koch's battle against

bike messengers culminated in the short lived 1987 Midtown Bike Ban On Bicycles illuminates how the city as we know it today veined with over a thousand miles of bicycle lanes reflects a fitful journey powered and opposed by New York City s people and its politics

**Drawing Futures** Bob Sheil,Frédéric Migayrou,Luke Pearson,Laura Allen,2016-11-11 Drawing Futures brings together international designers and artists for speculations in contemporary drawing for art and architecture Despite numerous developments in technological manufacture and computational design that provide new grounds for designers the act of drawing still plays a central role as a vehicle for speculation There is a rich and long history of drawing tied to innovations in technology as well as to revolutions in our philosophical understanding of the world In reflection of a society now underpinned by computational networks and interfaces allowing hitherto unprecedented views of the world the changing status of the drawing and its representation as a political act demands a platform for reflection and innovation Drawing Futures will present a compendium of projects writings and interviews that critically reassess the act of drawing and where its future may lie Drawing Futures focuses on the discussion of how the field of drawing may expand synchronously alongside technological and computational developments The book coincides with an international conference of the same name taking place at The Bartlett School of Architecture UCL in November 2016 Bringing together practitioners from many creative fields the book discusses how drawing is changing in relation to new technologies for the production and dissemination of ideas

*Telling America's Story to the World* Harilaos Stecopoulos,2022-10-06 Telling America s Story to the World argues that state and state affiliated cultural diplomacy contributed to the making of postwar US literature Highlighting the role of liberal internationalism in US cultural outreach Harilaos Stecopoulos contends that the state mainly sent authors like Ralph Ellison Robert Frost William Faulkner Langston Hughes and Maxine Hong Kingston overseas not just to demonstrate the achievements of US civilization but also to broadcast an American commitment to international cross cultural connection Those writers cum ambassadors may not have helped the state achieve its propaganda goals indeed this rarely proved the case but they did find their assignments an opportunity to ponder the international meanings and possibilities of US literature For many of those figures courting foreign publics inspired a reevaluation of the scope and form of their own literary projects Testifying to the inadvertent yet integral role of cultural diplomacy in the worlding of US letters works like *The Mansion* 1959 *Life Studies* 1959 *Cultural Exchange* 1961 1967 *Tripmaster Monkey* His Fake Book 1989 and *Three Days Before the Shooting* 2010 reimagine US literature in a mobile global and distinctly political register

**One Nation Undecided** Peter H. Schuck,2019-08-06 At a time of deep social and political division along comes a much

needed book to steer us toward solutions to five very difficult national problems There could be no better guide for this endeavor than Peter Schuck one of the clearest and most thoughtful legal and policy scholars of this or any generation Robert E Litan author of Trillion Dollar Economists s The Birth of Psychological War Dr Jeffrey Whyte,2023-07-19 The Birth of Psychological War explores the worlds of war propaganda intelligence and espionage from which US psychological warfare emerged in the early years of the Second World War developed during the Cold War of ideas against the Soviet Union and culminated in the counterinsurgency campaigns of the Vietnam War *The Common Camp* Irit Katz,2022-08-09 Seeing the camp as a persistent political instrument in Israel Palestine and beyond The Common Camp underscores the role of the camp as a spatial instrument employed for reshaping controlling and struggling over specific territories and populations Focusing on the geopolitical complexity of Israel Palestine and the dramatic changes it has experienced during the past century this book explores the region s extensive networks of camps and their existence as both a tool of colonial power and a makeshift space of resistance Examining various forms of camps devised by and for Zionist settlers Palestinian refugees asylum seekers and other groups Irit Katz demonstrates how the camp serves as a common thread in shaping lands and lives of subjects from across the political spectrum Analyzing the architectural and political evolution of the camp as a modern instrument engaged by colonial and national powers as well as those opposing them Katz offers a unique perspective on the dynamics of Israel Palestine highlighting how spatial transience has become permanent in the ongoing story of this contested territory The Common Camp presents a novel approach to the concept of the camp detailing its varied history as an apparatus used for population containment and territorial expansion as well as a space of everyday life and subversive political action Bringing together a broad range of historical and ethnographic materials within the context of this singular yet versatile entity the book locates the camp at the core of modern societies and how they change and transform *Social Reproduction and the City* Simon Black,2020 The transformation of child care after welfare reform in New York City and the struggle against that transformation is a largely untold story In the decade following welfare reform despite increases in child care funding there was little growth in New York s unionized center based child care system and no attempt to make this system more responsive to the needs of working mothers As the city delivered child care services on the cheap relying on non union home child care providers welfare rights organizations community legal clinics child care advocates low income community groups activist mothers and labor unions organized to demand fair solutions to the child care crisis that addressed poor single mothers need for quality affordable child care as well as child care providers need for decent work and pay Social Reproduction and the City tells this story linking welfare reform to feminist research and activism around the crisis of care social reproduction and the neoliberal city At a theoretical level Simon Black s history of this era presents a feminist political economy of the urban welfare regime applying a social reproduction lens to processes of urban neoliberalization and an urban lens to feminist analyses of welfare state restructuring and resistance Feminist political

economy and feminist welfare state scholarship have not focused on the urban as a scale of analysis and critical approaches to urban neoliberalism often fail to address questions of social reproduction To address these unexplored areas Black unpacks the urban as a contested site of welfare state restructuring and examines the escalating crisis in social reproduction He lays bare the aftermath of the welfare to work agenda of the Giuliani administration in New York City on child care and the resistance to policies that deepened race class and gender inequities
