Geography Pmemorandum Trial 2014

Didier Musso

Geography Pmemorandum Trial 2014:

The Geography of Injustice Barak Kushner, 2024-03-15 In *The Geography of Injustice* Barak Kushner argues that the war crimes tribunals in East Asia formed and cemented national divides that persist into the present day In 1946 the Allies convened the Tokyo Trial to prosecute Japanese wartime atrocities and Japan's empire At its conclusion one of the judges voiced dissent claiming that the justice found at Tokyo was only the sham employment of a legal process for the satisfaction of a thirst for revenge War crimes tribunals Kushner shows allow for the history of the defeated to be heard In contemporary East Asia a fierce battle between memory and history has consolidated political camps across this debate The Tokyo Trial courtroom as well as the thousands of other war crimes tribunals opened in about fifty venues across Asia were legal stages where prosecution and defense curated facts and evidence to craft their story about World War Two These narratives and counter narratives form the basis of postwar memory concerning Japan's imperial aims across the region The archival record and the interpretation of court testimony together shape a competing set of histories for public consumption *The Geography of Injustice* offers compelling evidence that despite the passage of seven decades since the end of the war East Asia is more divided than united by history

The Report: Oman 2014 Oxford Business Group, 2014-01-15 The sultanate's economy continues to enjoy the benefits of petroleum wealth which has provided budget surpluses in most years and served as a backbone for growth However planning is well under way for an era in which oil will not be the main economic driver with the twin goals of diversification and creating an increased number of private sector jobs at the top of the government's current agenda Indeed in recent years the non OPEC oil exporter's economy has been undergoing a steady transformation reorienting from oil toward a more diverse set of service and industry based economic activities So far progress has been promising In 2011 oil and gas accounted for 38.8% of GDP With the continuation of higher than expected energy prices in 2012 the government has increased economic investments accordingly These investments which include infrastructure social programmes and small business development are aimed toward better preparing the country for its post fossil fuel future

Terrorism on Trial Nicole Nguyen, 2023-09-26 A landmark sociological examination of terrorism prosecution in United States courts Rather than functioning as a final arbiter of justice U.S. domestic courts are increasingly seen as counterterrorism tools that can incapacitate terrorists maintain national security operations domestically and produce certain narratives of conflict *Terrorism on Trial* examines the contemporary role that these courts play in the global war on terror and their use as a weapon of war hunting criminalizing and punishing entire communities in the name of national security Nicole Nguyen advocates for a rethinking of popular understandings of political violence and its root causes encouraging readers to consider anti imperial abolitionist alternatives to the criminalization prosecution and incarceration of individuals marked as real or perceived terrorists She exposes how dominant academic discourses geographical imaginations and social processes have shaped terrorism prosecutions as well as how our fundamental misunderstanding of terrorism has

led to punitive responses that do little to address the true sources of violence such as military interventions colonial occupations and tyrannical regimes Nguyen also explores how these criminal proceedings bear on the lives of defendants and families seeking to understand how legal processes unevenly criminalize and disempower communities of color A retheorization of terrorism as political violence Terrorism on Trial invites readers to carefully consider the role of power and politics in the making of armed resistance addressing the root causes of political violence with a goal of building toward a less violent and more liberatory world

International and Transnational Criminal Law, Ethnographies of U.S. Empire Carole McGranahan, John F. Collins, 2018-08-02 How do we live in and with empire The contributors to Ethnographies of U S Empire pursue this question by examining empire as an unequally shared present Here empire stands as an entrenched if often invisible part of everyday life central to making and remaking a world in which it is too often presented as an aberration rather than as a structuring condition This volume presents scholarship from across U S imperial formations settler colonialism overseas territories communities impacted by U S military action or political intervention Cold War alliances and fissures and most recently new forms of U S empire after 9 11 From the Mohawk Nation Korea and the Philippines to Iraq and the hills of New Jersey the contributors show how a methodological and theoretical commitment to ethnography sharpens all of our understandings of the novel and timeworn ways people live thrive and resist in the imperial present Contributors Kevin K Birth Joe Bryan John F Collins Jean Dennison Erin Fitz Henry Adriana Mar a Garriga L pez Ol via Maria Gomes da Cunha Matthew Gutmann Ju Hui Judy Han J K haulani Kauanui Eleana Kim Heonik Kwon Soo Ah Kwon Darryl Li Catherine Lutz Sunaina Maira Carole McGranahan Sean T Mitchell Jan M Padios Melissa Rosario Audra Simpson Ann Laura Stoler Lisa Uperesa David Vine

Kyrgyzstan - Regime Security and Foreign Policy Kemel Toktomushev, 2016-10-04 Kyrgyzstan is an interesting example of a relatively weak state which for its brief period of independence has already ousted two presidents experienced two revolutions survived two interethnic conflicts and yet remained intact This book explores this apparent paradox and argues that the schism between domestic and international dimensions of state and regime security is key to understanding the nature of Kyrgyz politics The book shows how the foreign policy links to the Manas Air Base used by the US military and essential for supplying their forces in Afghanistan the economic arrangements necessary for sustaining the base both inside and outside Kyrgyzstan and the myriad of different actors involved in all this combined to overshadow points of friction to ensure stable continuance of the status quo Overall the book shows how broad geopolitical forces and complex local factors together have a huge impact on the formation of Kyrgyz foreign policy

Guyana: from Slavery to the Present Ramesh Gampat, 2015-04-15 It is common knowledge that slavery and indenture were characterized by long hours

of physical labor restriction of movement and other basic human freedoms and severe punishment for violations of draconian labor laws Less well known is the fact that nutrition was very deficient and a range of infectious diseases maimed debilitated and killed on a large scale In trying to narrow the knowledge gap with respect to Guyana Ramesh Gampat shows that extremely poor sanitary conditions hygiene and nutrition hastened infections and created a vicious cycle The British protected its own soldiers officials and colonists by establishing a medical enclave that lasted until Emancipation in 1838 Former slaves were quarantined to neglected and decaying villages and Indians to plantations Concern with health conditions appeared only during periods of epidemics and even then it was essentially for the protection of Europeans Colonial medicine opened the way for stereotyping labeling racialization of disease neutralization of potential leaders in the struggle for justice and crystallization of the view that Europeans were superior to Blacks and Indians Shorter stature and life expectancy are good indications that slaves and indentured immigrants fared considerably less well than Europeans Several infectious diseases sickened and fell Blacks and Indians including malaria and undefined fevers pneumonia and bronchitis diarrhea and enteritis tuberculosis pneumonia and hookworm The conquest of malaria in the early 1950s initiated the epidemiological transition from communicable to chronic diseases and today NCDs account for some three quarters of all deaths in Guyana Malaria has reemerged fueled by a gold boom that consumes huge amount of mercury The potentially adverse public health consequences of the trio have been neglected

A Postcolonial Critique of the Linde et al. v. Arab Bank, PLC "Terrorism" Bank Cases Marouf Hasian, Jr., 2016-04-29 This book provides readers with a postcolonial reading of the case of Linde et al v Arab Bank PLC and argues that American courtrooms are being used by rhetors to tell Anglo American stories about Hamas the causes of the Second Intifada and the importance of drying up terrorist financing

media students *The Long Reach of the Sixties* Laura Kalman, 2017-04-05 The Warren Court of the 1950s and 1960s was the most liberal in American history Yet within a few short years new appointments redirected the Court in a more conservative direction a trend that continued for decades However even after Warren retired and the makeup of the court changed his Court cast a shadow that extends to our own era In *The Long Reach of the Sixties* Laura Kalman focuses on the late 1960s and early 1970s when Presidents Johnson and Nixon attempted to dominate the Court and alter its course Using newly released and consistently entertaining recordings of Lyndon Johnson's and Richard Nixon's telephone conversations she roots their efforts to mold the Court in their desire to protect their Presidencies The fierce ideological battles between the executive legislative and judicial branches that ensued transformed the meaning of the Warren Court in American memory Despite the fact that the Court's decisions generally reflected public opinion the surrounding debate calcified the image of the Warren Court as activist and liberal Abe Fortas's embarrassing fall and Nixon's campaign against liberal justices helped make the term activist Warren Court totemic for liberals and conservatives alike The fear of a liberal court has changed the appointment process forever Kalman argues Drawing from sources in the Ford Reagan Bush I and Clinton presidential libraries as well as the justices papers she shows how the desire to avoid another Warren Court has politicized appointments by an order of magnitude Among other things presidents now almost never nominate politicians as Supreme Court justices another response to Warren who had been the governor of California Sophisticated lively and attuned to the ironies of history *The Long Reach of the Sixties* is essential reading for all students of the modern Court and U S political history

The Russian State and Russian Energy Companies, 1992-2018 Ingerid M. Opdahl, 2020-06-09 The Russian State and Russian Energy Companies analyses the development of relations between the state and five major energy companies and how this shaped Russia's foreign policy in the post Soviet region The book argues that the development of Russia's political economy mattered for foreign policy over the quarter of a century from 1992 to 2018 Energy companies' roles in institutional development enabled them to influence foreign policy formation and they became available as tools to implement foreign policy The extent to which it happened for each company varied with their accessibility to the Russian state Institutional development increased state capacity in a way that strengthened Russia's political regime The book shows how the combined power of several companies in the gas oil electricity and nuclear energy industry was a key feature of Russian foreign policy both in bilateral relationships and in support of Russia's regional position In this way Russia's energy resources were converted to regional influence The book contributes to our understanding of Russia's political economy and its influence on foreign policy and of the formation of policy towards post Soviet states *Strategic Management in Emerging Markets* Krassimir Todorov, Yusaf H.
