Getting photos, videos, and music on or off HTC phone

There are two ways you can transfer your media.

- Connect HTC phone to your computer, and select the **Disk drive** mode. Your computer will recognize it just like any removable USB drive, and you can copy your media between them.
- Download and use our HTC Sync Manager software. You can easily set it up to sync folders containing media and playlists on your computer with HTC phone. HTC Sync Manager can also automatically get photos and videos off HTC phone to your computer.

 Download and install HTC Sync Manager, when available, from our website. Or in the meantime, download and use the latest version of HTC Sync to sync your media and data.
