*The God Hunters* Book One David Ruger has always been curious That s how he landed his charming on again off again boyfriend Wyler and how they started in St Louis and ended up in the Expanse an alien universe where humans take on supernatural abilities and demons munch on Chinese takeout Thirty thousand years earlier the Expanse was devastated by a gruesome war The old gods and a group of shifters known as The God Hunters fought and failed to restore order Little does David know that they ve been waiting for the perfect time to try again and they ve set their eyes on him as the one with the power to restore the Expanse to its former splendor Strolling along cobblestone streets in a technologically advanced city floating above the clouds is fascinating and David and his companions venture ever deeper where strange beings welcome David as an old friend But what should have been a brief exploration becomes a race against time to save David s life **The Beauty Hunters** Adil Babikir,2023-04

Named a Notable African Book of 2023 by Brittle Paper *The Beauty Hunters* offers a rare insight into Sudanese Bedouin poetry its evolution aesthetics and impact Through an in depth profile of al rdallo the doyen of this art form Adil Babikir explores the attributes that established him as a poet of international stature The life of al rdallo was a series of journeys in pursuit of beauty From wandering across the Bu na wilderness to his adventures with women he documented the ups and downs of his life using superb verse In addition to its aesthetic value al rdallo s poetry offers rich material for Sudanese studies as it carries glimpses of the sociopolitical developments in Sudan during his lifetime having lived through three distinct eras Turco Egyptian rule 1820 1885 Mahdist rule 1885 1898 and part of the Anglo Egyptian era 1898 1956 Reading Bedouin poetry in a hybrid context as a major contributor to what Babikir calls a uniquely Sudanese aesthetic taste *The Beauty Hunters* makes an invaluable addition to the discourse on Sudan s cultural identity Historic Ghosts and Ghost Hunters H. Addington Bruce,2022-04-01

The following pages represent in the main a discussion of certain celebrated mysteries as viewed in the light of the discoveries set forth in the writer s earlier work *The Riddle of Personality* That dealt it may briefly be recalled with the achievements of those scientists whose special endeavor it is to illumine the nature of human personality On the one hand it reviewed the work of the psychopathologists or investigators of abnormal mental life and on the other hand the labors of the psychical researchers those enthusiastic and patient explorers of the seemingly supernormal in human experience Emphasis was laid on the fact that the two lines of inquiry are more closely interrelated than is commonly supposed and that the discoveries made in each aid in the solution of problems apparently belonging exclusively in the other To this phase of the subject the writer now returns The problems under examination are all of them problems in psychical research yet as will be found the majority in no small measure depend for elucidation on facts

brought to light by the psychopathologists Of course it is not claimed that the last word has here been said with respect to any one of these human enigmas But it is believed that thanks to the knowledge gained by the investigations of the past quarter of a century approximately correct solutions have been reached and that in any event it is by no means imperative to regard the phenomena in question as inexplicable or as explicable only on a spiritistic basis Before attempting to solve the problems it manifestly was necessary to state them In doing this the writer has sought to present them in a readable and attractive form but without any distortion or omission of material facts
