*Welcome to the State of Kuwait* Francesca Spencer, 2016-09-27. Based on real-life stories from an international school in Kuwait which chart the survival of teachers from the thrown-in-at-the-deep-end start to the 'I can't believe we made it' finish. Outlandish comedy abounds as the teachers laugh and lose it through a minefield of barriers to logic and challenges to plain common sense. The book illuminates the startling excesses of the oil money rich as they balance a past of poverty with an extreme pot of gold from the end of the rainbow. It shows Kuwait as a microcosm reflecting the more global issues surrounding waste, ecology, using more than we need, and consumerism gone mad. The stories reveal the pros and cons of teaching on the international circuit and how the teachers adapt to an alien land of dust, sexual and racial inequality, and an oppressive political regime both inside and outside school. Resilience, fortitude, and a hefty dose of humour gets the teachers through to the end with a cheer and a wave.
