Emerson, 2023-07-28 During the thirty five years from 1946 to 1981 the University of California Berkeley's Music Library amassed nearly 3 500 manuscript volumes thanks to the remarkable efforts of Professor Vincent H Duckies

The Catalog of Pre 1900 Vocal Manuscripts focuses on the third major segment of the library's manuscript collection featuring over 700 vocal manuscripts with more than 3,300 separate compositions. These works encompass a wide range of musical styles: religious and secular, vocal and instrumental, serious and popular, and date from the eleventh to the late nineteenth century. Although the catalog does not include musical incipits, it provides a valuable inventory of these manuscripts for scholars and researchers. The materials were acquired through various antiquarian dealers across Europe and the United States, and while some background information may have been lost during transfers, the manuscripts remain a rich resource for study. Emerson notes that the collection's value will ultimately be determined by the scholarly community whose research and exploration will continue to uncover the insights hidden within these historical documents. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1988.

**Speaking Out and Silencing** A. Bull, 2017-07-05. Commonly referred to collectively as the *anni di piombo* (years of lead), the 1970s have been seen as a parenthesis in Italian history which was dominated by political violence and terrorism. The seventeen essays in this wide-ranging collection adopt different scholarly perspectives to challenge this monolithic view and uncover the complexity of the decade, exploring its many facets and re-assessing political conflict. The volume brings to the fore the ruptures of the period through an examination of literature, film, gender relations, party politics, and political participation, social structures, and identities. This more balanced assessment of the period allows the vibrancy and dynamism of new social and cultural movements to emerge. The long-lasting effects of this period on Italian culture and society and its crucial legacy to the present are lucidly revealed, dispelling the widely held belief that the 1970s were largely a regressive decade. With the contributions of Anna Cento Bull, Adalgisa Giorgio, Piero Ignazi, Paola Di Cori, Amalia Signorelli, Lesley Caldwell, Is the Political Personal, Fathers and Sons in Bertolucci's *Tragedia di un uomo ridicolo*, and Amelio's *Colpire al cuore*, Jennifer Burns, A.
