The Library Manual John Herbert Slater, 1886 **Roman Imperial Artillery** Alan Wilkins, 2024-05-30 Fully revised and expanded for a new Third Edition this book traces the Greek origins of torsion catapults describes the machines used from the time of Sulla and Caesar the Roman improvements in their design and power and their importance in the defence of the Roman Empire **The London Magazine** ,1823 *National and English Review* ,1903 The Collapse of the Soviet Union, 1985-1991 David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesman Gorbachev and Yeltsin Also containing a Chronology Glossary and Who s Who of key figures The Collapse of the Soviet Union is essential reading for students of twentieth century European history **The National Review** ,1903 **The Soviet Union under Brezhnev** William J. Tompson, 2014-07-30 The Soviet Union Under Brezhnev provides an accessible post Soviet perspective on the history of the USSR from the mid 1960 s to the mid 1980 s It challenges both the evil empire image of the USSR that was widespread in the early 1980 s and the stagnation label attached to the period by Soviet reformers under Gorbachev The book makes use of a range of memoirs interviews archival documents and other sources not available before 1990 to place Brezhnev and his epoch in a broader historical context The author examines high politics foreign policy and policy making explores broader social cultural and demographic trends presents a picture of Soviet society in the crucial decades prior to the upheavals and crises of the late 1980 s While stopping well short of a full scale rehabilitation of Brezhnev Tompson rejects the prevailing image of the Soviet leader as a colourless non entity drawing attention to Brezhnev s real political skills as well as his faults and to the systemic roots of many of the problems he faced

Race and Empire Jane Samson, 2015-10-23 Readers at the beginning of the twenty first century are probably more racially self aware than any other generation has been Like the relationship between gender and history that between race and history is perceived to be of the utmost importance by young people and the older generation because it has left such a controversial legacy in the shape of hopes for multiculturalism diversity and tolerance This new Seminar Study provides an introduction to the intricate and far reaching relationship between attitudes toward racial difference and imperial expansion Imperialism is a topic that can be approached from many different angles By concentrating on the topical issue of race this

book takes a very different approach from the more familiar political or economic studies of imperial expansion
