taken prisoner during World War II **In Enemy Hands** Karen Horn, 2015-06-01 To all intents and purposes I am as sexless as a block of wood To eat is the extreme fundamental of living South African POW 1942 Books on World War II abound yet there are remarkably few publications on South Africa's role in this war which had such an influence on how we live today There is even less written about those who participated on the margins of the war especially those who were physically

removed from the battlefields through capture by enemy forces South Africa's prisoners of war during World War II their experiences and recollections are largely forgotten That is until now Historian Karen Horn painstakingly tracked down a number of former POWs Together with written memoirs and archival documents their interviews reveal rich narratives of hardship endurance humour longing and self discovery Instead of fighting these men adapted to another war one which was fought on the inside of many prison camps It was a war against hunger and deprivation at times against ever encroaching despondency and low morale amongst their companions in captivity In their interviews all the POWs expressed surprise at being asked to share their experiences of almost 70 years earlier The author found it astonishing that almost all of them claimed not to be heroes of any kind Perhaps this is not surprising when one considers that they returned home in 1945 to a country which soon afterwards tried its utmost to promote national amnesia with regard to its participation in the war With great insight and empathy Karen Horn shines a light on a neglected corner of South African history *In Enemy Hands* Wilma Counts, 2013-05 In the middle of WWII OSS agent Erin Forster must fulfill a special assignment in Nazi occupied Paris find a German soldier known to be part of a group of officers in the German army trying to end the war Operating as a neutral Swiss journalist she sets about her quest even as she aids French partisans in guiding American airmen to safe havens Born in Germany but educated in America Alexander von Eisen returned to his native land for a visit only to be forced into the German army As a courier for a group the Nazis would view as treasonous he is deeply suspicious of the journalist and seeks to expose her From D Day to the Battle of the Bulge from Paris to Berlin Erin and Alex encounter the bombs and bullets of war and witness firsthand the plight of people caught up in events beyond their control **Shavelings in Death Camps** Fr. Henryk Maria Malak, 2012-09-07 Catholic priests all across Poland were arrested and sent to Nazi concentration camps at the beginning of World War II This memoir by Fr Henryk Maria Malak 1912-1987 is their story and his Through the author's eyes we witness the German invasion atrocities against the local population and the roundup of priests from the region A series of transports takes them to Stutthof and Grenzdorf in Poland then to Sachsenhausen and Dachau in Germany Fr Malak spent more than four years at Dachau and he describes camp life in detail His final chapters are entries from a diary he kept secretly near the end of the war Some priests are selected for medical experiments others are sent on death transports Throughout their ordeal they face brutal treatment hard labor hunger disease Although many perish along the way all remain steadfast in their faith and in their loyalty to Poland **In Enemy Hands** Warren Murphy, Richard Sapir, 2023-09-01 America's spy network is under investigation but when a committee starts to delve in to their suspicions they mistakenly gut the nation's entire intelligence system Suddenly Russia's special killer teams are free to wreak havoc in Europe with no threat of retribution American spies turn up dead and in capitals around the world meetings are held to plan the next anti American escapade There is one hope left for America's defences Into the breach are thrown America's two secret weapons Remo Williams the Destroyer and his deadly mentor Chiun a master assassin They are sent overseas to

restore the world's balance of power from amongst the chaos. But the Soviets don't give up that easily. They too have a secret weapon and when they unleash it, Remo and Chiun find themselves faced with a battle to the death. Breathlessly action-packed and boasting a winning combination of thrills, humour and mysticism, the Destroyer is one of the bestselling series of all time.

Out of Mesopotamia Salar Abdoh, 2025-07-01 Informed by firsthand experience on the battlefronts of Iraq and Syria, Abdoh captures the horror, confusion and absurdity of combat from a seldom glimpsed perspective that expands our understanding of the war. Novel: Abdoh's powerful novel follows an Iranian war reporter who is torn between his wearying job on the front lines and a civilian existence that he finds increasingly alienating. The book is as much a reflection on memory and art as it is a war story, and Abdoh's writing captures beautifully the absurdity of both the battlefield and modern life. New York Times Book Review Editors' Choice. Saleh, the narrator of *Out of Mesopotamia*, is a middle-aged Iranian journalist who moonlights as a writer for one of Iran's most popular TV shows but cannot keep himself away from the front lines in neighboring Iraq and Syria. There, the fight against the Islamic State is a proxy war, an existential battle, a declaration of faith, and for some, a passing weekend affair. After weeks spent dodging RPGs, witnessing acts of savagery and stupidity, Saleh returns to civilian life in Tehran but finds it to be an unbearably dislocating experience. Pursued by his official handler from state security, opportunistic colleagues, and the woman who broke his heart, Saleh has reason to again flee from everyday life. Surrounded by men whose willingness to achieve martyrdom both fascinates and appalls him, Saleh struggles to make sense of himself and the turmoil in his midst. An unprecedented glimpse into endless war from a Middle Eastern perspective, *Out of Mesopotamia* follows in the tradition of the Western canon of martial writers from Hemingway and Orwell to Tim O'Brien and Philip Caputo but then subverts and expands upon the genre before completely blowing it apart. Drawing from his firsthand experience of being embedded with Shia militias on the ground in Iraq and Syria, Abdoh gives agency to the voiceless while offering a meditation on war that is moving, humane, darkly funny, and resonantly true.

Twenty essays selected from the writings of John B. Hattendorf, Ernest J. King, Professor of Maritime History at the U.S. Naval War College between 2001 and 2009. They represent a wide historical perspective that ranges across nearly four centuries of maritime history. A number of these pieces have been published previously but have appeared in other languages and in other countries where they may not have come to the attention of an American naval reading audience. This collection is divided into parts that deal with four major themes: the broad field of maritime history; general naval history with specific focus on the classical age of sail from the mid-seventeenth century to the end of the Napoleonic Wars in 1815; the wide scope of American naval history from 1775 to the end of the twentieth century; and finally, the realm of naval theory and its relationship to naval historical studies. They are reprinted with only minor alterations as they originally appeared. Memory in Shakespeare's Histories Jonathan Baldo, 2011-12-22 A distinguishing feature of Shakespeare's later histories is the prominent role he assigns to the need to forget This book explores the ways in which Shakespeare expanded the role of forgetting in histories from King John to Henry V as England contended with what were perceived to be traumatic breaks in its history and in the fashioning of a sense of nationhood For plays ostensibly designed to recover the past and make it available to the present they devote remarkable attention to the ways in which states and individuals alike passively neglect or actively suppress the past and rewrite history Two broad and related historical developments caused remembering and forgetting to occupy increasingly prominent and equivocal positions in Shakespeare's history plays an emergent nationalism and the Protestant Reformation A growth in England's sense of national identity constructed largely in opposition to international Catholicism caused historical memory to appear a threat as well as a support to the sense of unity The Reformation caused many Elizabethans to experience a rupture between their present and their Catholic past a condition that is reflected repeatedly in the history plays where the desire to forget becomes implicated with traumatic loss Both of these historical shifts resulted in considerable fluidity and uncertainty in the values attached to historical memory and forgetting Shakespeare's histories in short become increasingly equivocal about the value of their own acts of recovery and recollection
