**In the Wee Small Hours** , *In the Wee Small Hours* Gil McNeil,2011-07-04 Life just keeps getting more complicated for Annie Baker Her sister Lizzie s pregnant and wants Annie to be her birth partner she s planning an active labour in water with lots of candles and music Her partner Matt isn t too sure although he s bought some new swimming trunks just in case Annie s friend Leila has got a new man Tor and she s getting heavily into yoga while Kate from the village has somehow ended up having an affair with her own ex husband And as for the men in Annie s own life it just gets worse Her seven year old son Charlie is now officially Pagan and desperate for his own pet pheasant Boss Barney is building a bit of a reputation for TV commercials involving stunts so if she s not lurching around the North Sea in a trawler she s stuck up a crane Then there s Uncle Monty to keep an eye on a retired mole catcher who collects bric a brac He s eighty three and a few sandwiches short of a picnic and has just threatened the Meals on Wheels lady with a shotgun and refuses to leave the farm where he s lived all his life And as if all that wasn t difficult enough Mack comes back from New York just when Annie was beginning to think she might be able to cope without him For everyone who fell in love with Annie Baker and her Only Boy for Me here s what happened next And for anyone who s ever wondered how to combine motherhood the country life and a career in town and why pheasants make that weird clicking noise this is essential reading Vinyl Mike Evans,2022-09-06 This history of the LP is a must have for any music connoisseur When vinyl LP records took over the music industry in the late 1950s a new era began No longer bound by the time constraints of the shellac 78s that had been in use since the 1910s recording artists could now present an entire album rather than a lone three minute single on a vinyl LP giving listeners a completely new way to experience their music In recent years vinyl has found a second life as an art form collected and appreciated by music connoisseurs across the world Vinyl The Art of Making Records examines the origins of the vinyl format and its evolution throughout the 20th century and also provides an in depth look at how vinyl LPs are manufactured and packaged often with striking artwork that makes them beloved by music enthusiasts today Also included are four removable art prints each representing a sample of album covers from the 1960s 1970s 1980s and 1990s **Sessions with Sinatra** Charles L. sylvan expos it covers humanity's foibles and glories while exploring the deep roots of our history to reveal the future A new beat intelligence unfolds yet unseen on the American horizon So sit back listen and watch the show Someone left the propane on the fire's still smoldering the clues are lurking The mystery is true the detective is you **The Brunonian** Brown University, 1890 **The Ghost Next Door** Mark Alan Morris, 2004-01-04 A collection of chilling stories eerily believable and truly spooky very strongly recommended Midwest Book Review Most people think of ghosts as rare elusive creatures that are more or less inaccessible to the average Joe Sure we read about them watch TV shows about them and tell stories about them but we'll probably never run into one right Don't be so sure Even if you've never personally encountered a ghost chances are you know someone who has The Ghost Next Door takes a revealing look into the lives of average everyday people from across the country who have had experiences in the realm of the unexplained Whether you're a true believer in ghosts or a hard nosed skeptic you're sure to get a chill or two when you read about the woman who was visited by her grandfather on the night of his funeral Or the man who was forced to move by a troublesome spirit only to find it had followed him As you make your way through these and other genuinely spooky stories you'll probably find that ghostly encounters are a lot more common than you had imagined Could there be a haunted house in your town Perhaps on your very street Maybe even right next door
