the flaws of individual leaders Deploying the large number of primary documents now available this book puts ideas at the centre of the story As the book argues Britain's war in Iraq was caused by bad ideas that were dogmatically held and widely accepted Three ideas in particular formed the war's intellectual foundations the notion of the undeterrable fanatical rogue state the vision that the West's path to security is to break and remake states and the conceit that by paying the blood price Britain could secure influence in Washington DC These issues matter because although the Iraq War happened fifteen years ago it is still with us As well as its severe consequences for regional and international security the ideas that powered the war persist in Western security debate If all wars are fought twice first on the battlefield and the second time in memory this book enters the battle over what Iraq means now and what we should learn *The Athenaeum*, 1859 *An Almanac of Contemporary and Comparative Judicial Restatements (ACCJR Supp. ii Public Law)* Oshisanya, 'lai Oshitokunbo, 2020-01-02 Public law **Cyclopedia of Law and Procedure**, 1906 *History of Armenia*. Movses Khorenatsi, 2022-03-30 The medieval historian of the Armenian people Movses Khorenatsi was the first Armenian to give a wonderful account of the inception of his nation in Babylon the power struggles of the Armenian aristocracy and the final dissolution of the Armenian kingdom As the author said about his compatriots For although we are a small garden and are very limited in number and deprived of power and have been conquered by other nations many times still in our country there have been many feats of courage worthy of being immortalized in writing which however none of them cared to record in books The Armenian historian provided a very honest description of the Armenian society not being shy to praise the heroic exploits of some Armenians such as the courageous founders of the Armenian people Hayk and Aram the brave king Tigran the wise inventor of the Armenian script Mesrop Mashtots and concurrently being brutal in his criticism of others Therefore while mourning my people I will say as Paul said about his enemies and the foes of the cross of Christ using not my own but the Holy Spirit's words A flawed and disappointing clan the clan unsettled in heart and unfaithful to God in its spirit People of Aram How long will you be hard hearted why do you love vanity and godlessness Do you not realize that the Lord has magnified his saint and that the Lord will not hear when you call to him For you have become hardened in the Fall and do not repent on your lounges for you make unlawful sacrifices and despise those who trust in God The book consists of 3 parts the genealogy of Great Armenia the Middle history and the completion of the history The final chapter of the book ends with the lament over the loss of the Armenian kingdom I mourn you the Armenian country mourn you the noblest of all the northern countries for the king and the priest the mentor and the teacher were taken away from you the world got disturbed the disorder took root the orthodoxy got shaken the ignorance affirmed other faith I am sorry for you the Armenian church which has lost the beauty of the altar deprived of a brave pastor and his companion I no longer see your intelligent herd grazing on a green meadow and near the waters of rest or gathered in a sheepfold and protected from the wolves but I see it scattered across the wastelands and the steep mountains **A Political Text-book for 1860**, 1860 [The Law of Evidence Applicable to British India](#)
