**Sámi Nature-Centered Christianity in the European Arctic** Tore Johnsen, 2022-07-22 Sámi Nature Centered Christianity in the European Arctic unpacks the theological significance of North Sámi indigenous Christianity demonstrating how the tension between Sámi nature centered Christianity and official Norwegian Lutheranism has broad theological relevance Focusing on Christian cosmological orientation the author argues that this is not fully given within the Christian faith itself It is partly shaped by the religious philosophical frameworks that various historical receptions of Christianity were filtered through The author substantiates that two different types of Christian cosmological orientation are negotiated in the North Sámi Christian experience one reflecting a Sámi historical reception of Christianity primarily filtered through the egalitarian world intuition of the Sámi indigenous tradition another reflecting official Norwegian Lutheranism primarily filtered through a Greek hierarchical world construct passed down among European intellectual elites The argument is developed through thick description of local everyday Christianity among reindeer herding river and sea Sámi communities in Finnmark Norway through critical engagement with historical and contemporary Lutheranism and through constructive dialogue with African and Native American theologies The author suggests that the egalitarian multi relational logic of Sámi nature centered Christianity points beyond the hierarchical binaries delimiting much of the theological imagination of dominant Christian theologies

Justification as the Speech of the Spirit Jeffrey K. Anderson, 2021-08-10 In the past few

decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e g the New Perspective on Paul Auburn Avenue Theology the Renewal Movement etc While the various proposals differ in many respects they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son In particular among renewal Pentecostal Charismatic authors there have been several attempts to redefine justification insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer s righteousness These attempts are in part rooted in the absence of any overt pneumatology in the doctrine s typical formulation One need only read the above sentences to see that there is no mention of the Holy Spirit This book addresses these and other concerns especially by renewal authors and demonstrate that the doctrine is in fact pneumatologically informed albeit latently rather than blatantly As a result there is no need to redefine the theology of the Reformers and their successors

**Eucharist** Ola Tjorhom,2023-07-14 The Eucharist is the sacrament of Christ s presence his real presence Here he comes to us in bread and wine through outward and material signs that are accessible to all This is an expression of infinite grace However when Jesus gives himself to us we are called to share ourselves and what we have with others Thus the Eucharist also becomes the sacrament of fellowship and unity It is a sacrament in and for our wounded world a sacrament of life in the widest sense The reflections in this book are grounded in the Lutheran tradition combined with an open ecumenical approach They aim at unfolding some of the wealth of the Lord s Supper in a concise and accessible way

**The Work of Faith** Justin Nickel,2020-08-31 Many scholars assume that Luther advocates for a Christian life in which human beings are always passive recipients of God s grace as it is delivered in preaching and mere instruments through which God works to serve their neighbors The Work of Faith Divine Grace and Human Agency in Martin Luther s Preaching offers a different reading of Luther s views on human agency by drawing on a fresh source Luther s preaching Using Luther s sermons in the Church Postil as a primary source Justin Nickel argues that Martin Luther preached as though Christians have real if secondary agency in the lives they lead before God and neighbor As a result Nickel presents a Luther substantively concerned with how Christians lead their lives

Volume 5, Tome II: Kierkegaard and the Renaissance and Modern Traditions - Theology Jon Stewart,2016-12-05 The long period from the Renaissance to the nineteenth century supplied numerous sources for Kierkegaard s thought in any number of different fields The present rather heterogeneous volume covers the long period from the birth of Savonarola in 1452 through the beginning of the nineteenth century and into Kierkegaard s own time The Danish thinker read authors representing vastly different traditions and time periods Moreover he also read a diverse range of genres His interests concerned not just philosophy theology and literature but also drama and music The present volume consists of three tomes that are intended to cover Kierkegaard s sources in these different fields of thought Tome II is dedicated to the wealth of theological and religious sources from the beginning of the Reformation to Kierkegaard s own day It examines Kierkegaard s relations to some of the

key figures of the Reformation period from the Lutheran Reformed and Catholic traditions It thus explores Kierkegaard's reception of theologians and spiritual authors of various denominations most of whom are known to history primarily for their exposition of practical spirituality rather than theological doctrine Several of the figures investigated here are connected to the Protestant tradition of Pietism that Kierkegaard was familiar with from a very early stage The main figures in this context include the forefather of Pietism Johann Arndt the Reformed writer Gerhard Tersteegen and the Danish author Hans Adolph Brorson With regard to Catholicism Kierkegaard was familiar with several popular figures of Catholic humanism Post Tridentine theology and Baroque spirituality such as François Fénelon Ludwig Blosius and Abraham a Sancta Clara He was also able to find inspiration in highly controversial and original figures of the Renaissance and the early Modern period such as Girolamo Savonarola or Jacob Boehme the latter of whom was at the time an en vogue topic among trendsetting philosophers and theologians such as Hegel Franz von Baader Schelling and Hans Lassen Martensen Death until Resurrection Joseph Saligoe, 2020-03-11 What really happens to the soul when people die This groundbreaking book may appeal both to Luther experts and to those who know little about the Reformer It demonstrates that Luther constantly taught over the last twenty four years of his life that death is like an unconscious sleep It also shows why this matters today for Christians Death until Resurrection is a great first step in understanding God's plan for renewal of the creation that can alleviate our common fears about death Seeing what exactly the scriptural writers meant regarding death as interpreted by one of the most prominent church leaders ever also provides the benefit of helping us better understand core doctrines such as our resurrection the nature of hell and eternal life through salvation This book offers that which very few writers on Luther have done an explanation that can unravel his apparent contradictions and the Luther paradox on the nature of death and the soul using Luther's own words scattered throughout his voluminous writings Learn which group of widely acclaimed authors or experts on Luther was correct about what Luther believed about death Lohse and George or Althaus and Thiselton

*The More Excellent Way*, 2006-10 This book investigates why unlike in the early centuries the ethical behavior of Christians today is so little different from that of non Christians It does this by first reviewing the teachings of Jesus about how Christians are to live and the positive response of early Christians to these teachings The major portion of the book then documents how the rise of asceticism and the proliferation of church law came to eclipse Jesus' teachings of serving others through unselfish love It reviews how Chrysostom Augustine Luther and others tried to return the church to the New Testament way of life The book reaches two conclusions Christians today prefer to live by only avoiding the gross evils forbidden by the Ten Commandments rather than by Jesus' all inclusive New Commandment of loving one another as he loved us They are also willing to offer God the piety of churchly activity but what God also asks a life of goodness serving one's fellowman they feel is just asking too much Kierkegaard's Writings, XXIII, Volume 23 Søren Kierkegaard, 2009-09-21 Kierkegaard a poet of ideals and practitioner of the indirect method also had a direct and polemical side He revealed this in

several writings throughout his career culminating in *The Moment* his attack against the established ecclesiastical order Kierkegaard was moved to criticize the church by his differences with Bishop Mynster Primate of the Church of Denmark Although Mynster saw in Kierkegaard a complement to himself and his outlook Kierkegaard challenged Mynster to acknowledge the emptying and estheticizing of Christianity that had occurred in modern Christendom For three years Kierkegaard was silent waiting When Mynster died he was memorialized as an authentic truth witness in the holy chain of truth witnesses that stretches through the ages from the days of the apostles This struck Kierkegaard as blasphemous and inspired him to write a series of articles in *F drelandet* which he followed with ten numbers of the pamphlet *The Moment* This volume includes the articles from *F drelandet* all numbers of *The Moment* and several other late pieces of Kierkegaard s writing

*We Are All Priests* Roger Whittall,2023-12-11 In this book Roger Whittall argues that Luther s teaching on the common priesthood the priesthood of believers was a persistent element of Luther s ecclesiology and closely related to his understanding of the church as the communion of saints Whittall s focus is the common priesthood s activity in the Christian community moving beyond its contested relationship to the church s ordained ministry or the views that limit its appearance to Luther s early polemical writings Rather the common priesthood stands alongside the public ministry They are equal partners in the church s mandate to receive and speak God s word to respond in prayer praise and joyful service of God s world and all its people This wide ranging investigation features later material not often considered in relation to the common priesthood For Luther priesthood was a biblical expression of Christian spiritual life worship and service forming both the personal faith of individual Christians and the corporate nature of the Christian community Whittall also examines Luther s use of key biblical texts to link church and priesthood through the themes of unity and community equality and participation Understood in this way this priesthood still speaks powerfully to the identity and mission of the church today

**Stories with Intent** Klyne Snodgrass,2008-01-11 *Stories with Intent* offers pastors and students an accessible and comprehensive guide to Jesus parables Klyne Snodgrass explores in vivid detail the context in which these stories were told the purpose they had in Jesus message and the ways they have been interpreted by the church and modern scholarship While holding a consciously evangelical approach Snodgrass deals throughout with a broad spectrum of opinions and interpretations He begins by surveying the primary issues in parables interpretation Offering both a new more functional classification system for Jesus parables and guidelines for interpreting them he provides an overview of other parables often neglected in the discussion from the Old Testament Jewish writings and the Greco Roman world The remaining chapters group the longer and more important parables of Jesus thematically and give a comprehensive treatment of each including background and significance for today

*With All the Fullness of God* Jared Ortiz,2021-01-12 Christians confess that Christ came to save us from sin and death But what did he save us for One beautiful and compelling answer to this question is that God saved us for union with him so that we might become partakers of the divine nature 1 Pet 2 4 what the Christian

tradition has called deification This term refers to a particular vision of salvation which claims that God wants to share his own divine life with us uniting us to himself and transforming us into his likeness While often thought to be either a heretical notion or the provenance of Eastern Orthodoxy this book shows that deification is an integral part of Catholicism Orthodoxy and many Protestant denominations Drawing on the resources of their own Christian heritages eleven scholars share the riches of their respective traditions on the doctrine of deification In this book scholars and pastor scholars from diverse Christian expressions write for both a scholarly and lay audience about what God created us to be adopted children of God who are called even now to be filled with all the fullness of God Eph 3 19
