May We Be Forgiven A Novel:

May We Be Forgiven A.M. Homes, 2013-09-24 Winner of the Women's Prize and featured on Elin Hilderbrand's New York Times ballot for Best Books of the Century Harold Silver has spent a lifetime watching his younger brother George a taller smarter and more successful high flying TV executive acquire a covetable wife two kids and a beautiful home in the suburbs of New York City But Harry a historian and Nixon scholar also knows George has a murderous temper and when George loses control the result is an act of violence so shocking that both brothers are hurled into entirely new lives in which they both must seek absolution Harry finds himself suddenly playing parent to his brother's two adolescent children tumbling down the rabbit hole of Internet sex dealing with aging parents who move through time like travelers on a fantastic voyage As Harry builds a twenty first century family created by choice rather than biology we become all the more aware of the ways in which our history both personal and political can become our destiny and either compel us to repeat our errors or be the catalyst for change May We Be Forgiven is an unnerving funny tale of unexpected intimacies and of how one deeply fractured family might begin to put itself back together

The Digital Banal Zara Dinnen, 2018-01-02 Contemporary culture is haunted by its media Yet in their ubiquity digital media have become increasingly banal making it harder for us to register their novelty or the scope of the social changes they have wrought What do we learn about our media environment when we look closely at the ways novelists and filmmakers narrate and depict banal use of everyday technologies How do we encounter our own media use in scenes of waiting for e mail watching eBay bids programming as work and worrying about numbers of social media likes friends and followers Zara Dinnen analyzes a range of prominent contemporary novels films and artworks to contend that we live in the condition of the digital banal not noticing the affective and political novelty of our relationship to digital media Authors like Jennifer Egan Dave Eggers Sheila Heti Jonathan Lethem Gary Shteyngart Colson Whitehead Mark Amerika Ellen Ullman and Danica Novgorodoff and films such as The Social Network and Catfish critique and reveal the ways in which digital labor isolates the individual how the work of programming has become an operation of power and the continuation of the Californian ideology which has folded the radical into the rote and the imaginary into the mundane The works of these writers and artists Dinnen argues also offer ways of resisting the more troubling aspects of the effects of new technologies as well as timely methods for seeing the digital banal as a politics of suppression Bridging the gap between literary studies and media studies The Digital Banal recovers the shrouded disturbances that can help us recognize and antagonize our media environment

After Postmodernism Christopher K. Coffman, Theophilus Savvas, 2020-12-17 Several of American literature's most prominent authors and many of their most perceptive critics and reviewers argue that fiction of the last quarter century has turned away from the tendencies of postmodernist writing Yet the nature of that turn and the defining qualities of American fiction after postmodernism remain less than clear This volume identifies four prominent trends of the contemporary scene the recovery of the real a rethinking of historical engagement a

preoccupation with materiality and a turn to the planetary Readings of works by various leading figures including Dave Eggers Jonathan Franzen A M Homes Lance Olsen Richard Powers William T Vollmann and David Foster Wallace support a variety of arguments about this recent revitalization of American literature The chapters in this book were originally published as a special issue of the journal *Textual Practice* *Reading Contingency* David Wylot, 2019-11-25 In *Reading Contingency The Accident in Contemporary Fiction* David Wylot constructs an innovative study of the relationship between plotted accidents in twenty first century British and American fiction the phenomenology of reading and a contemporary experience of time that is increasingly understood to be contingent and accidental A synthesis of literary and cultural analysis narratology critical theories of time and the philosophy of contingency the book explores the accident's imagination of contemporary time and the relationship between reading and living in novels by writers including A M Homes Nicola Barker Noah Hawley J M Coetzee J G Ballard Jesmyn Ward Jennifer Egan and Tom McCarthy *American Unexceptionalism* Kathy Knapp, 2014-05-01 *American Unexceptionalism* examines a constellation of post 9 11 novels that revolve around white middle class male suburbanites thus following a tradition established by writers such as John Updike and John Cheever Focusing closely on recent works by Richard Ford Chang Rae Lee Jonathan Franzen Philip Roth Anne Tyler Gish Jen A M Homes and others Kathy Knapp demonstrates that these authors revisit this well trod turf and revive the familiar everyman character in order to reconsider and reshape American middle class experience in the wake of the 9 11 attacks and their ongoing aftermath The novels in question all take place in the sprawling terrain that stretches out beyond the Twin Towers the postwar suburbs that since the end of World War II have served like the Twin Towers themselves as a powerful advertisement of dominance to people around the globe by projecting an image of prosperity and family values These suburban tales and their everyman protagonists grapple however indirectly with the implications of the apparent decline of the economic geopolitical and moral authority of the United States In the context of perceived decay and diminishing influence these novels actively counteract the narrative of American exceptionalism frequently peddled in the wake of 9 11 If suburban fiction has historically been faulted for its limited vision this newest iteration has developed a depth of field that self consciously folds the personal into the political encompasses the have nots along with the haves and takes in the past when it imagines the future all in order to forge a community of readers who are now accountable to the larger world *American Unexceptionalism* traces the trajectory by which recent suburban fiction overturns the values of individualism private property ownership and competition that originally provided its foundation In doing so the novels examined here offer readers new and flexible ways to imagine being and belonging in a setting no longer characterized by stasis but by flux

satire This novel of politics and family brings readers to the fault line of American politics The New York Times Book Review Beyond being good or bad the characters in this impressive book are above all things unpredictable Wall Street Journal One family will remake America Even if they fall apart trying A M Homes delivers us back to ourselves in this stunning alternative history that is both terrifyingly prescient deeply tender and devastatingly funny The Big Guy loves his family money and country Undone by the results of the 2008 presidential election he taps a group of like minded men to reclaim their version of the American Dream As they build a scheme to disturb and disrupt the Big Guy also faces turbulence within his family His wife Charlotte grieves a life not lived while his 18 year old daughter Meghan begins to realize that her favorite subject history is not exactly what her father taught her In a story that is as much about the dynamics within a family as it is about the desire for those in power to remain in power Homes presciently unpacks a dangerous rift in American identity prompting a reconsideration of the definition of truth freedom and democracy and exploring the explosive consequences of what happens when the same words mean such different things to people living together under one roof From the writer who is always razor sharp and furiously good Zadie Smith a darkly comic political parable braided with a Bildungsroman that takes us inside the heart of a divided country *The Month* ,1913 **May We Be Forgiven** A.
