Metaphysics Classic And Contemporary Readings:

Metaphysics Ronald C. Hoy, L. Nathan Oaklander, 1991 This book should be of interest to introductory philosophy philosophy of mind and metaphysics courses Metaphysics Michael J. Loux, 2001 This comprehensive anthology of classic and contemporary readings by leading philosophers complements the second edition of Michael Loux's *Metaphysics A Contemporary Introduction* Routledge 2001 **Classic and Contemporary Readings in Sociology** Ian Marsh, Rosie Campbell, Mike Keating, 2014-05-12 *Classic and Contemporary Readings in Sociology* introduces the reader to sociological issues theories and debates providing extracts of primary source material from both classical and contemporary theorists Theorists are examined within their historical and sociological framework and the text provides an analysis of developments in sociological thought and research The text is divided into four main sections Part One Origins and Concepts surveys the history of the discipline of sociology and examines key themes which have influenced sociological theorising and investigation in particular social control culture and socialisation Parts Two and Four Sociological Theories and Sociological Research include a number of readings from the founding theorists and investigators including Auguste Comte Emile Durkheim Karl Marx Max Weber and Charles Booth and also include more recent theoretical writing and research approaches The focus on theory and research is extended by a selection of readings centred around the theme of Differences and Inequalities Part Three these readings provide students with examples of work from an area where sociological theorising and research has been widely applied **Metaphysics and Epistemology** Stephen Hetherington, 2013-09-10 *Metaphysics and Epistemology A Guided Anthology* presents a comprehensive introductory overview of key themes thinkers and texts in metaphysics and epistemology Presents a wide ranging collection of carefully excerpted readings on metaphysics and epistemology Blends classic and contemporary works to reveal the historical development and present directions in the fields of metaphysics and epistemology Provides succinct insightful commentary to introduce the essence of each selection at the beginning of chapters which also serve to inter link the selected writings **Knowledge and Reality** Steven M. Cahn, Maureen Eckert, Robert Buckley, 2004 A handy collection of readings regarding the philosophical areas of Epistemology and Metaphysics that includes both historical and contemporary works this book gives the reader a sense of how philosophical issues have evolved over time Forty eight selections from over 30 philosophers past and present deal with topics such as a priori knowledge skepticism foundationalism versus coherentism universals identity and change causation and the relationship between perception and the external world An accessibly slim volume of some of the most interesting works from philosophers past and present this book should appeal to readers who are interested in the philosophical areas of metaphysics and epistemology **Philosophy of Mind: Contemporary Readings** , Contemporary Readings in the Foundations of Metaphysics Stephen Laurence, Cynthia MacDonald, 1998-09-08 This volume is a comprehensive survey of contemporary thought on a wide range of issues and provides students with the basic background to current debates in

metaphysics Commonsense Darwinism John Lemos,2015-11-09 Written in a simple accessible style Commonsense Darwinism offers a clear critical examination of the subject Assuming that the diversity of life including human beings is the result of evolution from common origins and that its driving force is natural selection the book explores what this might mean for issues in ethics philosophy of religion epistemology and metaphysics The author s defense of free will makes this an especially stimulating read **Classic and Contemporary Readings in the Philosophy of Education** Steven M.

Cahn,1997 Brings together classic writings on education by leading figures in the history of philosophy along with notable contributions to the field by a variety of contemporary thinkers *Ontology, Causality, and Mind* John Bacon,Keith Campbell,Lloyd Reinhardt,1993-03-26 This collection of essays all especially written for this volume explore the many facets of Armstrong s work concentrating on his interests *Freedom, Teleology, and Evil* Stewart Goetz,2011-10-27 In *Freedom Teleology and Evil* Stewart Goetz defends the existence of libertarian freedom of the will He argues that choices are essentially uncaused events with teleological explanations in the form of reasons or purposes Because choices are uncaused events with teleological explanations whenever agents choose they are free to choose otherwise Given this freedom to choose otherwise agents are morally responsible for how they choose Thus Goetz advocates and defends the principle of alternative possibilities which states that agents are morally responsible for a choice only if they are free to choose otherwise Finally given that agents have libertarian freedom Goetz contends that this freedom is integral to the construction of a theodicy which explains why God allows evil *A Companion to the Philosophy of Time* Adrian Bardon,Heather Dyke,2015-11-02 A Companion to the Philosophy of Time presents the broadest treatment of this subject yet 32 specially commissioned articles written by an international line up of experts provide an unparalleled reference work for students and specialists alike in this exciting field The most comprehensive reference work on the philosophy of time currently available The first collection to tackle the historical development of the philosophy of time in addition to covering contemporary work Provides a tripartite approach in its organization covering history of the philosophy of time time as a feature of the physical world and time as a feature of experience Includes contributions from both distinguished well established scholars and rising stars in the field

Metaphysics Peter van Inwagen,Dean W. Zimmerman,1998-11-17 This volume provides a vital student resource a collection of the essential classic and contemporary readings in metaphysics *Contemporary Political Philosophy: An Anthology* Robert E. Goodin,Philip Pettit,2019-04-08 The revised and updated edition of Goodin and Pettit s highly acclaimed contemporary political philosophy anthology bringing together the field s most important readings in a single volume Unparalleled in the breadth and scope of its coverage this newly revised third edition traces the evolution of political philosophy as a contemporary practice and raises important questions about the impact of current political events Fully updated to include 49 contemporary and classic selections from the most distinguished scholars in political philosophy Offers expanded coverage of international affairs and political oppression Includes essays which represent a diversity of political

and ideological positions and features interdisciplinary voices in politics law and economics Edited by two of the field's most highly respected scholars The ideal collection of primary readings to accompany the Companion to Contemporary Political Philosophy Second Edition Wiley Blackwell 2012 for coursework in political philosophy

The Cyberdimension Eric Trozzo, 2019-04-29 In 2013 Edward Snowden released a trove of documents revealing the extent of government electronic surveillance Since then we have been inundated with reports of vicious malware attacks election hacking data breaches potential cyberwars fights over Net Neutrality and fake internet news Where once discussion of cyberspace was full of hope of incredible potential benefits for humanity and global connection it has become the domain of fear anxiety conflict and authoritarian impulses As the cloud of the Net darkens into a storm are there insights from Christian theology about our online existence Is the divine present in this phenomenon known as cyberspace Is it a realm of fear or a realm of hope In *The Cyberdimension* Eric Trozzo engages these questions seeking not only a theological means of speaking about cyberspace in its ambiguity but also how the spiritual dimension of life provokes resistance to the reduction of life to what can be calculated Rather than focusing on the content available online he looks to the structure of cyberspace itself to find a chastened yet still expectant vision of divinity amidst the political economic and social forces at play in the cyber realm

[The Oxford Handbook of Truth](#) Michael Glanzberg, 2018-06-26 Truth is one of the central concepts in philosophy and has been a perennial subject of study Michael Glanzberg has brought together 36 leading experts from around the world to produce the definitive guide to philosophical issues to do with truth They consider how the concept of truth has been understood from antiquity to the present day surveying major debates about truth during the emergence of analytic philosophy They offer critical assessments of the standard theories of truth including the coherence correspondence identity and pragmatist theories They explore the role of truth in metaphysics with lively discussion of truthmakers proposition determinacy objectivity deflationism fictionalism relativism and pluralism Finally the handbook explores broader applications of truth in philosophy including ethics science and mathematics and reviews formal work on truth and its application to semantic paradox This Oxford Handbook will be an invaluable resource across all areas of philosophy

Phenomenology and Embodiment Joona Taipale, 2014-02-28 At the dawn of the modern era philosophers reinterpreted their subject as the study of consciousness pushing the body to the margins of philosophy With the arrival of Husserlian thought in the late nineteenth century the body was once again understood to be part of the transcendental field And yet despite the enormous influence of Husserl's phenomenology the role of embodiment in the broader philosophical landscape remains largely unresolved In his ambitious debut book *Phenomenology and Embodiment* Joona Taipale tackles the Husserlian concept also engaging the thought of Maurice Merleau-Ponty Jean-Paul Sartre and Michel Henry with a comprehensive and systematic phenomenological investigation into the role of embodiment in the constitution of self-awareness intersubjectivity and objective reality In doing so he contributes a detailed clarification of the fundamental constitutive role of embodiment in the
