Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections:

Mexico's Evolving Democracy Jorge I. Domínguez, Kenneth F. Greene, Chappell H. Lawson, Alejandro Moreno, 2015-01-05
Parts one and two offer an excellent recap of the state of play in 2012 part three analyzes why Mexicans voted as they did and part four considers the election s implications for Mexico s political system more broadly Francisco E Gonz lez Paul H Nitze School of Advanced International Studies Johns Hopkins University author of Creative Destruction Economic Crises and Democracy in Latin America Party Politics **The SAGE Handbook of Electoral Behaviour** Kai Arzheimer, Jocelyn Evans, Michael S. Lewis-Beck, 2017-02-27 The study of voting behaviour remains a vibrant sub discipline of political science The Handbook of Electoral Behaviour is an authoritative and wide ranging survey of this dynamic field drawing together a team of the world s leading scholars to provide a state of the art review that sets the agenda for future study Taking an interdisciplinary approach and focusing on a range of countries the handbook is composed of eight parts The first five cover the principal theoretical paradigms establishing the state of the art in their conceptualisation and application and followed by chapters on their specific challenges and innovative applications in contemporary voting studies The remaining three parts explore elements of the voting process to understand their different effects on vote outcomes The SAGE Handbook of Electoral Behaviour is an essential benchmark publication for advanced students researchers and practitioners in the fields of politics sociology psychology and research methods *Workplace Politics* Timothy Frye, Marshall D Shulman Professor of Post-Soviet Foreign Policy Timothy Frye, Ora John Reuter, Associate Professor of Political Science David Szakonyi, 2025-06-30 *Workplace Politics* draws on unique surveys of firm managers and employees in eight countries with a special focus on Russia to demonstrate that employer led political mobilization in the workplace is common often coercive and unpopular with many voters This book explains how politicians and employers use workplace mobilization to diminish voter autonomy undermine electoral integrity and skew electoral outcomes in favor of entrenched political groups *Routledge International Handbook on Electoral Debates* Julio Juárez-Gámiz, Christina Holtz-Bacha, Alan Schroeder, 2020-04-29 This Handbook is the first major work to comprehensively map state of the art scholarship on electoral debates in comparative perspective Leading scholars and practitioners from around the world introduce a core theoretical and conceptual framework to understand this phenomenon and point to promising directions for new research on the evolution of electoral debates and the practical considerations that different country level experiences can offer Three indicators to help analyze electoral debates inform this Handbook the level of experience of each country in the realization of electoral debates geopolitical characteristics linked to political influence and democratic stability and electoral competitiveness Chapters with examples from the Americas Europe Africa and the Middle East Asia and Oceania add richness to the volume Each chapter Traces local historical constitutive relationships between traditional forms of electoral debates and contexts of their emergence Compares and critiques different perspectives regarding the function of debates on democracy Probes discusses and evaluates recent

and emergent theoretical resources related to campaign debates in light of a particular local experience Explores and assesses new or neglected local approaches to electoral debates in a changing media landscape where television is no longer the dominant form of political communication Provides a prospective analysis regarding the future challengers for electoral debates The Routledge International Handbook on Electoral Debates will set the agenda for scholarship on the political communication for years to come Campaigns and Voters in Developing Democracies Noam Lupu, Virginia Oliveros, Luis Schiumerini, 2019-02-26 Voting behavior is informed by the experience of advanced democracies yet the electoral context in developing democracies is significantly different Civil society is often weak poverty and inequality high political parties ephemeral and attachments to them weak corruption rampant and clientelism widespread Voting decisions in developing democracies follow similar logics to those in advanced democracies in that voters base their choices on group affiliation issue positions valence considerations and campaign persuasion Yet developing democracies differ in the weight citizens assign to these considerations Where few social identity groups are politically salient and partisan attachments are sparse voters may place more weight on issue voting Where issues are largely absent from political discourse valence considerations and campaign effects play a larger role Campaigns and Voters in Developing Democracies develops a theoretical framework to specify why voter behavior differs across contexts Life after Dictatorship James Loxton, Scott Mainwaring, 2018-09-13 Launches a new research agenda on one of the most common but overlooked features of the democratization experience worldwide authoritarian successor parties Contemporary Mexican Politics Emily Edmonds-Poli, David A. Shirk, 2020-03-10 This comprehensive and engaging text explores contemporary Mexico's political economic and social development and examines the most important policy issues facing the country today Readers will find this widely praised book continues to be the most current and accessible work available on Mexico's politics and policy Democracy without Parties in Peru Omar Sanchez-Sibony, 2022-06-06 This book provides an in depth look into key political dynamics that obtain in a democracy without parties offering a window into political undercurrents increasingly in evidence throughout the Latin American region where political parties are withering For the past three decades Peru has showcased a political universe populated by amateur politicians and the dominance of personalism as the main party voter linkage form The study peruses the post 2000 evolution of some of the key Peruvian electoral vehicles and classifies the partisan universe as a party non system There are several elements endogenous to personalist electoral vehicles that perpetuate partylessness contributing to the absence of party building The book also examines electoral dynamics in partyless settings centrally shaped by effective electoral supply personal brands contingency and iterated rounds of strategic voting calculi Given the scarcity of information electoral vehicles provide as well as the enormously complex political environment Peruvian citizens inhabit personal brands provide readymade informational shortcuts that simplify the political world The concept of negative legitimacy environments is furnished to capture political settings comprised of supermajorities of floating voters pervasive negative political identities

and a generic citizen preference for newcomers and political outsiders. Such environments increasingly present throughout Latin America produce several deleterious effects including high political uncertainty, incumbency disadvantage, and political time compression. Peru's democracy without parties fails to deliver essential democratic functions including governability, responsiveness, horizontal and vertical accountability, or democratic representation among others.

Contemporary U.S.-Latin American Relations Jorge I. Domínguez, Rafael Fernández de Castro, 2016-03-02 Drawing on the research and experience of fifteen internationally recognized Latin America scholars, this insightful text presents an overview of inter-American relations during the first two decades of the twenty-first century. This unique collection identifies broad changes in the international system that have had significant effects in the Western Hemisphere, including issues of politics and economics, the securitization of U.S. foreign policy, balancing U.S. primacy, the wider impact of the world beyond the Americas, especially the rise of China, and the complexities of relationships between neighbors. The second edition of *Contemporary U.S. Latin American Relations* focuses on U.S. neighbors near and far: Mexico, Cuba, Argentina, Brazil, Chile, Colombia, Peru, and Venezuela. Each chapter addresses a country's relations with the United States and each considers themes that are unique to that country's bilateral relations as well as those themes that are more general to the relations of Latin America as a whole. The book also features new chapters on transnational criminal violence, the Latino diasporas in the United States, and U.S. Latin American migration. This cohesive and accessible volume is required reading for Latin American politics students and scholars alike.

Persuasive Peers Andy Baker, Barry Ames, Lúcio Rennó, 2020-10-27 A typical presidential election campaign in Latin America sees between one-third and one-half of all voters changing their vote intentions across party lines in the months before election day, numbers unheard of and rarely seen in older democracies. This book proposes a new theory of Latin American voting behavior, examining how votes are truly up for grabs in democracies where political parties and mass partisanship are not deeply entrenched. The book argues that political discussion among peers causes volatility and ultimately explains final vote choices. Describing and examining social networks of political discussion, the authors propose that everyday social communication is the hidden architecture that structures political outcomes in Latin America's less institutionalized democracies. Voters embedded in networks of family members, friends, neighbors, coworkers, and acquaintances are heavily persuaded by the debating and arguing and agreeing and affirming that happens in their social networks. *Social Communication and Elections in Latin America* reveals the hidden undercurrent of political discussion among voters in Latin America, advancing a new theory of voting behavior that accounts for the extended influence of election campaigns, the geographic clustering of political preferences, and the strategic maneuvers of political machines.

Democracies in Peril Ida Bastiaens, Nita Rudra, 2018-06-25 Globalization is triggering a revenue shock in developing economies. International trade taxes, once the primary source of government revenue, have been cut drastically in response to trade liberalization. Bastiaens and Rudra make the novel argument that regime type is a major determinant of revenue raising

capacity once free trade policies have been adopted Specifically policymakers in democracies confront greater challenges than their authoritarian counterparts when implementing tax reforms to offset liberalization s revenue shocks The repercussions are significant while the poor bear the brunt of this revenue shortfall in democracies authoritarian regimes are better off overall Paradoxically then citizens of democracies suffer precisely because their freer political culture constrains governmental ability to tax and redistribute under globalization This important contribution on the battle between open societies and the ability of governments to help their people prosper under globalization is essential reading for students and scholars of political economy development studies and comparative politics *North America Council on Foreign Relations*,2014-10-01 This CFR sponsored Independent Task Force report North America Time for a New Focus asserts that elevating and prioritizing the U S Canada Mexico relationship offers the best opportunity for strengthening the United States and its place in the world Introduction to Trade Policy Aluisio Lima-Campos,Juan Gaviria,2017-11-10 Introduction to Trade Policy provides a comprehensive overview of the rules and regulations that govern trade flow It discusses the trade policy formulation process of major international economic players and analyzes existing trade policy tools that countries may resort to in order to take advantage of the benefits of international trade and to protect themselves against its dangers as well as their implications for trade policy law and negotiations In Section I the book explores the ways in which interest groups interact with government and legislators to shape trade policies By developing an analytical view of trade policy formulation systems in the U S European Union the BRICS countries Brazil Russia India China and South Africa Canada Mexico and Australia the book will help the reader to gain a better understanding of these countries trade policy developments and also to apply such learning to the analysis of the trade policy formulation of any other countries Section II goes on to explain how trade policy tools are used by governments to achieve trade and other policy objectives while Section III analyses trade in services and the multilateral trade rules on Intellectual Property Finally Section IV uses hypothetical case studies in simulation exercises to illustrate trade policy decision making and trade agreement negotiations in a bilateral plurilateral and multilateral setting This is the ideal introduction to international trade policy formulation for students and professionals in the areas of law politics economics and public policy who are seeking to develop a global view of international trade gain insights into trade negotiations and understand the motivations behind the policies and actions of governments regarding international trade issues This book is also the ideal companion to any traditional legal casebook on international trade or on international economic law *Mexico's Unscripted Revolutions* Stephen E. Lewis,2024-02-09 Explore the forces and movements shaping contemporary Mexican politics and society In Mexico s Unscripted Revolutions Political and Social Change Since 1958 distinguished historian Stephen Lewis offers a well argued and provocative presentation of Mexico s recent unofficial grassroots revolutions The book explores generational change and youthful rebellion in the 1960s and the emergence of second wave feminism in the 1970s It also discusses Mexico s uniquely

protracted democratic transition initiated by the hegemonic Institutional Revolutionary Party PRI but pushed forward at critical moments by ordinary citizens opposition parties and even armed insurgencies In clear accessible prose the author argues that persistent inequality and authoritarian practices have hobbled Mexico s democratic consolidation since 2000 He also provides coverage of the presidency of Andr s Manuel L pez Obrador 2018-2024 who promised peaceful revolution but seemed nostalgic for a return to Mexico s populist authoritarian past Readers will also find A revealing examination of racism and classism in Mexico which persist despite the state s celebration of the country s Indigenous heritage and its promotion of biological and cultural mixing known as mestizaje The provocative suggestion that democratization may have unwittingly contributed to the surge in cartel related violence A timely chronicle of how women took advantage of the democratic opening to push for gender quotas in politics which has produced gender parity today in the national congress and in state legislatures An overview of Mexico s surprising and growing religious diversity both within the Catholic Church and without Perfect for undergraduate students studying Mexican and Latin American history and politics Mexico s Unscripted Revolutions Political and Social Change Since 1958 will also benefit students in Latin American Studies political science anthropology religious studies and women s studies and laypersons with an interest in contemporary Mexico *Latin American Politics* David Close, 2017-05-18 *Latin American Politics* Second Edition is a thematic introduction to the political systems of all 20 Latin American countries The approach is self consciously comparative and encourages students to develop stronger comparative analysis skills through such topics as history violence democracy and political economy Fully updated and revised this second edition also includes a new chapter on parties elections and movements Each chapter is now framed by a prologue and an epilogue to engage students and provide more country specific content *Presidential Campaigns in Latin America* Taylor C. Boas, 2016-03-04 Taylor C Boas argues that new democracies are likely to develop nationally specific approaches to electioneering through success contagion The theory of success contagion holds that the first elected president to complete a successful term in office establishes a national model of campaign strategy that other candidates will adopt in future *Mexico and the Post-2015 Development Agenda* Rebecka Villanueva Ulfgard, 2017-03-03 This book explores how and why Mexico s approach to the 2030 Agenda for Sustainable Development and Sustainable Development Goals SDG implementation with the L pez Obrador administration is unsustainable and non transformative overshadowed by his vision of Mexico s Fourth Transformation Approached as a super mantra revolving around Republican Austerity and First the poor it provides original analysis of structural and conjunctural challenges facing Mexico as regards People Planet and Peace centered development The book reveals the promise First the poor is inconsistent with data on Mexico s poverty reduction SDG1 Despite record high spending on social programs and unmatched coverage the recent tendency of improvement in tackling poverty is rather ambiguous from the perspective of multidimensional poverty The book covers access to clean energy SDG7 resilient infrastructure and sustainable industrialization SDG9 and safeguarding biodiversity

SDG15 by examining three megaproject case studies the oil refinery Dos Bocas the Interoceanic Corridor of the Isthmus of Tehuantepec and the Maya Train generating concern with the economic environmental and social dimensions of sustainable development The prospects for an enabling environment for SDG implementation are hampered by persistently high levels of homicides and impunity SDG16 Turning Mexico's Armed Forces into first development partner of choice is problematized as regards their reach in infrastructure megaprojects and social welfare programs in the overall context of the de-risking state favoring private capital The result as determined by Villanueva Ulfsgard has led Mexico further astray from sustainable and transformative development

Elections in Latin America Kevin Pallister, 2024-02-27 Even as several Latin American countries have regressed to authoritarian rule in the first two decades of the twenty first century elections remain permanent and vital features of the region's political life Kevin Pallister provides an accessible overview of elections throughout Latin America including formal electoral institutions informal practices and the behavior of voters and candidates Through a wide ranging synthesis of scholarly literature and sources it offers a descriptive and analytical look at how elections in the region work from the legal rules of the game to the final counting of the votes and provides an even handed discussion of its complexities such as electoral integrity gender quotas the role of social media corruption in campaign finance and how elections can be instruments of both democracy and autocracy This comprehensive narrative from Mexico to Argentina is complemented with illustrative examples case studies and data By understanding how elections in Latin America work as flawed but indispensable institutions of democracy students and other readers will enhance their knowledge of contemporary Latin American politics and the important process of democratization in the region

Party Systems in Latin America Scott Mainwaring, 2018-02-08 This book generates a wealth of new empirical information about Latin American party systems and contributes richly to major theoretical debates about party systems and democracy

Mexico Roderic Ai Camp, 2017-06-01 Today all would agree that Mexico and the United States have never been closer that the fates of the two republics are intertwined Mexico has become an intimate part of life in almost every community in the United States through immigration imported produce business ties or illegal drugs It is less a neighbor than a sibling no matter what our differences it is intricately a part of our existence In the fully updated second edition of *Mexico What Everyone Needs to Know* Roderic Ai Camp gives readers the most essential information about our sister republic to the south Camp organizes chapters around major themes security and violence economic development foreign relations the colonial heritage and more He asks questions that take us beyond the headlines Why does Mexico have so much drug violence What was the impact of the North American Free Trade Agreement How democratic is Mexico Who were Benito Juarez and Pancho Villa What is the PRI the Institutional Revolutionary Party The answers are sometimes surprising Despite ratification of NAFTA for example Mexico has fallen behind Brazil and Chile in economic growth and rates of poverty Camp explains that lack of labor flexibility along with low levels of transparency and high levels of corruption make Mexico less competitive than some other Latin

American countries The drug trade of course enhances corruption and feeds on poverty approximately 450 000 Mexicans now work in this sector Brisk clear and informed Mexico What Everyone Needs To Know offers a valuable primer for anyone interested in the past present and future of our neighbor to the South Links to video interviews with prominent Mexicans appear throughout the text The videos can be accessed at through The Oxford Research Encyclopedia of Latin American History at <http://latinamericanhistory.oxfordre.com/page/videos>

Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections Introduction

In today's digital age, the availability of Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their

own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections books and manuals for download and embark on your journey of knowledge?

FAQs About Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections Books

What is a Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Mexico S Evolving Democracy A Comparative Study Of The 2012 Elections PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for

instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
