Each high net worth individual has unique and different forms of wealth, investments, and objectives. Consequently, individual and special family needs demand specifically tailored financial plans and approaches. Good investment management might have made you wealthy, but Tepper solidly brings home the point that only proper wealth management will keep you wealthy. Those whose wealth exceeds 1,000,000 will likely benefit most from the keys and myths that Tepper outlines, but this book is relevant for anyone looking to take the next step in wealth accumulation and preservation.
