

Proofreading

DIRECTIONS: Proofread the passage and correct the errors.

People often thinks that editing and proofreading are the same thing but they are not. editing means to correct, revise, restructure, or modify text in some way. Some Examples of editing include correcting a runon sentence or revising a sentence that is structured in a way that is confusing, such as correcting a dangling modifier. Proofreading, on the other hand, does not involve modifying text. It is focused on finding and correcting errors, such as misspeled words or incorrect punctuation? While editing is part of the writing process, proofread is the last step in preparing a text for publication or presentation.
