 has two distinct identities New Hampshire is often depicted as a place of picturesque farms mountains forests and postcard
 perfect villages with pretty town commons and colonial era houses Yet for most of the twentieth century such New
 Hampshire cities and towns as Manchester Berlin and Keene developed small scale urban industrialized societies dominated
 by textile woolen and paper mills In the twenty first century New Hampshire s duality has given way to a far more varied
 identity Radical demographic and economic changes have transformed entire regions Some towns in Southern New
 Hampshire have doubled and tripled in size serving as bedroom communities for greater Boston Increased property
 development in the two lakes regions and the Upper Valley continue to transform small town rural life in unexpected ways
 This book offers two personal looks at a state whose venerable history stands in lively contrast to its changing times Over a
 hundred full color photographs by Jon Gilbert Fox capture the charm of small town parades and agricultural fairs as well as
 the uniqueness of such traditional New Hampshire places as Franconia Notch Strawberry Banke and Canterbury Shaker
