accomplish that action under extreme excitement fear or duress If I can find a way to help you understand WHY certain skills are essential you will retain that knowledge and find a way to practice it and put it to use There are no simple single acts of car control skill during the driving emergency The acts of steering while braking or mastering the techniques of maximum effective braking are easily accomplished in a controlled environment During the highway driving emergency they are several steps down the list of what needed to happen to avoid or reduce the damaging consequences of a crash On the pages of The Complete Driver we will examine all aspects of advanced driver skill and what we can do to improve our skills on a daily basis and why we must      **International Driving Manual** World Touring and Automobile Organisation,1960
