Ikea Book Display Shelf:

Bookshelf Lydia Pyne, 2016-01-28 *Object Lessons* is a series of short beautifully designed books about the hidden lives of ordinary things. Every shelf is different and every bookshelf tells a different story. One bookshelf can creak with character in a bohemian coffee shop and another can groan with gravitas in the Library of Congress. Writer and historian Lydia Pyne finds bookshelves to be holders not just of books but of so many other things: values, vibes, and verbs that can be contained and displayed in the buildings and rooms of contemporary human existence. With a shrewd eye toward this particular moment in the history of books, Pyne takes the reader on a tour of the bookshelf that leads critically to this juncture amid rumors of the death of book culture: why is the life of the bookshelf in full bloom? *Object Lessons* is published in partnership with an essay series in *The Atlantic*. **Bookshelves in the Age of the COVID-19 Pandemic** Corinna Norrick-Rühl, Shafquat

Towheed, 2022-10-05 *Bookshelves in the Age of the COVID-19 Pandemic* provides the first detailed scholarly investigation of the cultural phenomenon of bookshelves and the social practices around them since the start of the pandemic in March 2020. With a foreword by Lydia Pyne, author of *Bookshelf* 2016, the volume brings together 17 scholars from 6 countries: Australia, Canada, Germany, the Netherlands, the UK, and the USA, with expertise in literary studies, book history, publishing, visual arts, and pedagogy to critically examine the role of bookshelves during the current pandemic. This volume interrogates the complex relationship between the physical book and its digital manifestation via online platforms, a relationship brought to widespread public and scholarly attention by the global shift to working from home and the rise of online pedagogy. It also goes beyond the digital bookshelf to consider bookselling, book accessibility, and pandemic reading habits. *The*
