Imagine John Lennon Virtual Piano:

Future Music ,2007 **The Beatles and Fandom** Richard Mills,2019-12-12 Sex death and nostalgia are among the impulses driving Beatles fandom the metaphorical death of the Beatles after their break up in 1970 has fueled the progressive nostalgia of fan conventions for 48 years the death of John Lennon and George Harrison has added pathos and drama to the Beatles story Beatles Monthly predicated on the Beatles good looks and the letters page was a forum for euphemistically expressed sexuality The Beatles and Fandom is the first book to discuss these fan subcultures It combines academic theory on fandom with compelling original research material to tell an alternative history of the Beatles phenomenon a fans history of the Beatles that runs concurrently with the popular story we all know **Song Means** Allan F. Moore,2012 Allan F Moore presents a study of recorded popular song from the recordings of the 1920s through to the present day Analysis and interpretation are treated as separable but interdependent approaches to song Analytical theory is revisited covering conventional domains such as harmony melody and rhythm but does not privilege these at the expense of domains such as texture the soundbox vocal tone lyrics Moore continues by developing a range of hermeneutic strategies largely drawn from outside the field in the most part within psychology and philosophy but still deeply relevant to the experience of song **Reality TV** Mark Andrejevic,2004-09-08 Drawing on cultural theory and interviews with fans cast members and producers this book places the reality TV trend within a broader social context tracing its relationship to the development of a digitally enhanced surveillance based interactive economy and to a savvy mistrust of mediated reality in general Surveying several successful reality TV formats the book links the rehabilitation of Big Brother to the increasingly important economic role played by the work of being watched The author enlists critical social theory to examine how the appeal of the real is deployed as a pervasive but false promise of democratization The Beatles Again?
