Resources in Education , 2001-04 **Soldiers in the Schoolhouse** Arthur T. Coumbe, 2025-08-12 Established in 1916 with training programs in over three thousand high schools and an enrollment of more than half a million student cadets across the country the Junior Reserve Officers Training Corps JROTC is the largest and most enduring military public outreach program in the history of the United States JROTC has nevertheless been surrounded by controversy Defenders see it as a magnificent citizenship education and character development program while its detractors view it as a tool to propagandize and recruit underage youth persuade minorities to fight America s wars ensure domestic order and promote neoliberal globalization Soldiers in the Schoolhouse provides a comprehensive history of JROTC and addresses the program s place in the country s national defense and civil military relations Arthur T Coumbe follows the JROTC program through the decades from its battle against communism in the 1940s and 1950s to its establishment in inner city schools as an attempt to instill strict order in the 1960s and 1970s and to its introduction to disadvantaged Sun Belt neighborhoods in the 1990s an expansion the military hoped would help meet manpower needs

Using army memoranda personal letters training manuals and military reports Coumbe showcases how pedagogical developments international events and social forces have affected federally sponsored high school military training By presenting a better understanding of JROTC s frequently changing and complex role Soldiers in the Schoolhouse offers insights into how the military views and interacts with US society Educating for Peace in a Time of "permanent War" Paul R. Carr,Bradley J. Porfilio,2012 Little is done in schools at the formal and informal levels to address war and peace especially in relation to what can and should be done to bring about peace This volume seeks to provide a range of policy pedagogical curriculum and institutional analyses aimed at facilitating meaningful engagement toward a more robust and critical examination of the role that schools play in framing war militarization and armed conflict **The School-to-Work Movement** William J. Stull,Nicholas M. Sanders,2003-06-30 The School to Work movement came together as a major national force for educational reform in the late 1980s and reached its peak in 1994 with the passage of the School to Work Opportunities Act Throughout the 1990s the movement had a substantial record of creativity and accomplishment Among other things it hastened the spread of career development activities for all students strengthened ties between schools and local employers and supported the creation of many innovative work based education programs By the end of the decade however the influence of the movement had begun to decline as other reform movements came to dominate the national educational landscape The book documents the successes and failures of the STW movement during this dramatic decade and assesses the movement s prospects for the future The book s chapters are written by the nation s top scholars in the STW field and focus on all aspects of the STW movement Among the topics covered are STW implementation and participation career academies education and employment effects of STW participation the role of STW programming in the new economy the college for all movement and STW pedagogy *Youth Involvement in Public Safety in the United States* Martin Alan Greenberg,2024-12-02 This book explores youth involvement in public safety measuring the success of historic programs in school districts fire departments and police departments and evaluating their potential to mitigate youth violence in the U S In its examination of structured community youth programs such as the Police Athletic League and EMS Exploring this volume examines the pros and cons of harm reduction and public safety activities through community empowerment of juveniles The chapters that follow explore the origins of youth involved public safety programs recommending that these initiatives may be a solution to improving health education and social outcomes It is ideal for professionals working with juvenile programming and local policymakers Recruitment and Retention Bernard Rostker,William Michael Hix,Jeremy M. Wilson,2007 Since Hurricane Katrina resignations from the New Orleans Police Department NOPD have increased and the department went more than a year without recruiting enough candidates to justify a police academy training course The authors present practical recommendations for change that could help the NOPD improve recruiting and retention Issues addressed include the lack of affordable post Katrina housing the fact that the

families of many police officers no longer live in the New Orleans area the destroyed departmental infrastructure and a budget that does not provide enough resources to meet basic needs They focus on compensation including housing the promotion process and the career management system recruiting the mix of officers and civilians and ways to improve the morale of the NOPD The recommendations which are specifically tailored to the unique circumstances of the NOPD include 1 using civilian employees where appropriate for jobs currently being performed by uniformed officers 2 developing a proactive recruiting program 3 offering some of the city's housing stock in kind to police officers or selling the property and using the proceeds to improve compensation 4 increasing the frequency of promotion examinations 5 eliminating the backlog of promotions to higher levels in the department 6 restructuring compensation to attract recruits and retain serving officers 7 establishing a first responders charter school and 8 rebuilding the police infrastructure to improve morale **Left Behind**

in the Race to the Top Julie A. Gorlewski, Brad J. Porfilio, 2013-08-01 Public education is suffering attacks that are well funded and extraordinarily complex and multifaceted These conditions make it difficult for educators and citizens to gather the information they need to mount meaningful resistance especially since mainstream media tends to be uncritically supportive of neoliberal reforms The Orwellian language of reforms is adopted and promoted through news outlets politicians and film thus arguments against these reforms must bubble up through social media and alternative outlets By providing a coherent comprehensive description of contemporary neoliberal initiatives and analyzing their effects on students teachers administrators and teacher education this book will allow educators parents students and citizens to strengthen their resolve to save public education and potentially work to preserve the promise of democracy This book examines and uncovers the effects of standardization and privatization on public education Contributors consider the how of standardized curriculum and assessment coupled with philanthropic and corporate pressure have influenced the experiences of students parents and teachers Divided in sections entitled Testing Testing Privatization and Militarization Redefining Schools Alienation Displacing Students and Teachers and Resistance Opting Out and Hope for Change this text offers a combination of information and inspiration for teachers teacher educators policymakers parents and anyone interested in understanding the current state of public education **Creating and Sustaining Small Learning Communities** Grace Sammon, 2008 CD ROM contains 33 planning templates data collection and assessment tools frequently asked questions

The Defense Science Board Task Force on Human Resources Strategy United States. Defense Science Board. Task Force on Human Resources Strategy, 2000 The Department of Defense DoD employs more than three million people Nearly half of its personnel 1 44 million are active duty military About 870 000 Reservists composed of 410 000 Selected Reservists and 460 000 National Guard personnel add to the active duty force Civilian personnel make up the remaining workforce numbering about 730 000 These three million employees are supported by an array of defense contractors providing a wide variety of goods and services to the Department Moreover the Department spends more than half of its 270 billion budget on pay and allowances

alone With a workforce this large varied diverse and important it is not surprising that its management is a uniquely challenging undertaking The human resource challenges facing DoD have changed rapidly over the last decade as a result of many factors A robust economy civilian sector competition for employees to fill high technology positions declining American public interest in public service major changes in the Department s missions and operational tempo and a significant downsizing of the Department s workforce are a few examples Reducing the size of the overall workforce by more than a million personnel from a high in 1987 of 4.1 million has left in place a very different force distribution in age education and skill

her fellow researchers find that career academy participants are more engaged in school and are more likely to attend a four year college than their peers Nan Maxwell studies the skills demanded in entry level jobs and finds that many supposedly low skilled jobs actually demand extensive skills in reading writing and math as well as the new basic skills of communication and problem solving Maxwell recommends that school districts collaborate with researchers to identify which skills are most in demand in their local labor markets At a time when test based educational reforms are making career development programs increasingly vulnerable it is worth examining the possibilities and challenges of integrating career related learning into the school environment Written for educators policymakers researchers and anyone concerned about how schools are shaping the economic opportunities of young people Improving School To Work Transitions provides an authoritative guide to a crucial issue in education reform **The Amicus Brief** Reagan William Simpson, Mary R.
