In the Days of Drake J. S. Fletcher, 2017-03-20 INTRODUCTION In the whole history of the English people there is no period so absolutely heroic so full of enthralling interest as that in which the might of England made itself apparent by land and sea the period which saw good Queen Bess mistress of English hearts and Englishmen and sovereign of the great beginnings which have come to such a magnificent fruition under Victoria. That was indeed a golden time an age of great venture and enterprise a period wherein men's hearts were set on personal valor and bravery the day of great deeds and of courage most marvelous. To write down a catalogue of all the names that then were glorious to make a list of all the daring deeds that then were done this were an impossible task for the most painstaking of statisticians the most conscientious of historians and chroniclers. For there were men in those days who achieved world wide fame such as Drake Frobisher Hawkins Raleigh Grenville and Gilbert but there were also other men the rough sea dogs of that time whose names have never been remembered or even recorded and who were yet heroes of a quality not inferior to their commanders and leaders. All men of that age whose calling led them to adventure and enterprise could scarcely fail to find opportunity for heroism self denial and sacrifice and thus the Elizabethan Englishman of whatever station stands out to us of these later days as a great figure the type and emblem of the England that was to be. It is this fact that makes the Elizabethan period so fascinating and so full of romance and glamour. Whenever we call it up before our mind's eye it is surrounded for us with all those qualities which go toward making a great picture.
