The Expansion of In-N-Out Burger Po Chun Rich Lee, 2011 *The McDonaldization of Society* George Ritzer, 2013

George Ritzer's *McDonaldization of Society*, now celebrating its 20th anniversary, continues to stand as one of the pillars of modern-day sociological thought. By linking theory to 21st-century culture, this book resonates with students in a way that few other books do, opening their eyes to many current issues, especially in consumption and globalization. As in previous editions, the book has been updated and it offers new discussions of, among others, In N Out Burger and Pret A Manger as possible antitheses of McDonaldization. The biggest change, however, is that the book has been radically streamlined to offer an even clearer articulation of the now famous McDonaldization thesis. *In-N-Out Burger* Youngme Moon, Harvard Business School, 2003

Spiritugraphics Brad Benbow, Phil Daniels, 2022-08-16. In *Spiritugraphics*, authors Brad Benbow and Phil Daniels explore, through research and case studies on some of the top brands and companies, the question of whether or not faith influences consumption and to what extent it influences our day-to-day purchasing decisions, with the goal of helping companies reach this deeply connected segment of the marketplace. Does a person's faith affect what they buy and don't buy? What about where they make their purchases? Are consumers shopping differently today versus three to five years ago? These and other key questions were posed to women of all age groups in a national behavioral study executed by America's Research Group between December 2020 and January 2021. In Brad Benbow and Phil Daniels' groundbreaking book *Spiritugraphics: The Influence of Faith on Consumption and Why It Matters to Your Brand*, you will discover keen insights into topics important to marketers like: How much does Made in America affect shoppers of faith?
