The Sublime in the Visual Culture of the Seventeenth-Century Dutch Republic Stijn Bussels, Bram Van Oostveldt, 2023-11-07 Contrary to what Kant believed about the Dutch and their visual culture as being of an orderly and diligent position and thus having no feeling for the sublime this book argues that the sublime played an important role in seventeenth century Dutch visual culture By looking at different visualizations of exceptional heights divine presence political grandeur extreme violence and extraordinary artifacts the authors demonstrate how viewers were confronted with the sublime which evoked in them a combination of contrasting feelings of awe and fear attraction and repulsion In studying seventeenth century Dutch visual culture through the lens of notions of the sublime we can move beyond the traditional and still widespread views on Dutch art as the ultimate representation of everyday life and the expression of a prosperous society in terms of calmness neatness and order The book will be of interest to scholars working in art history visual culture architectural history and cultural history The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 International license Funded by Ghent University

Doing Double Dutch Elke Brems, Orsolya Réthelyi, Ton van Kalmthout, 2017-05-22 The importance of a minor language in the field of world literature Dutch literature is increasingly understood as a network of texts and poetics connected to other languages and literatures through translations and adaptations In this book a team of international researchers explores how Dutch literary texts cross linguistic historical geophysical political religious and disciplinary borders and reflects on a wide range of methods for studying these myriad border crossings As a result this volume provides insight into the international dissemination of Dutch literature and the position of a smaller less translated language within the field of world literature The title Doing Double Dutch evokes a popular rope skipping game in which two people turn two long jump ropes in opposite directions while a third person jumps them A fitting metaphor for how literature circulates internationally two dynamic spheres the source culture and the target culture engage one another in a complex
