With features such as a very fast lens with an aperture of f/1.4, excellent image quality and a solid array of burst shooting capabilities, the LX7 has attracted an enthusiastic following. The book also provides details about the camera's numerous options for playback setup and customizing the operation of the various buttons and other controls. The book contains approximately 400 photographs, almost all in full color, illustrating the LX7's controls, shooting screens and menus. In addition, the book goes beyond the bounds of everyday photography and introduces more advanced topics such as infrared photography, street photography, astrophotography and High Dynamic Range (HDR) photography.
