

8th Grade Graduation

In his classroom
he perched on his chair
made of dark old oak...
The more he listened
the less he spoke!
The less he spoke
the more he heard...
He graduated and
is now more like
a wise old bird!

Values Stephen D. Burgard, Benjamin J. Hubbard, 2015-12-14 Differing moral views are dividing the country and polarizing the left and the right more than ever before This book offers unique solutions to improve communication and understanding between the two factions to fix our fractured political system Morality is at the heart of political contention in American society Unfortunately our polarized belief systems severely inhibit the achievement of bipartisan compromises A Battlefield of Values America's Left Right and Endangered Center provides a candid but nonjudgmental examination of what people think and believe and how this informs our divisions over core values By addressing how individuals believe rather than how they vote the book illuminates why 21st century America is so conflicted politically and religiously exposes what matters most to those on the right and left of the political religious and cultural spectrum explains why the members of the endangered center in American life the moderates are struggling to make sense of the great divide between conflicting ideologies and predicts how a degree of reconciliation and detente might be possible in the future Authors Stephen Burgard and Benjamin J Hubbard build a powerful case for how authentic communication between political factions is integral to bettering our society as a whole Along the way they illustrate the impact of religion and media on American belief systems and also explore

notions of opportunity creation for young people and raises critical questions about the goals we have for public schooling

His Name Is Ron Kim Goldman, 2014-05-06 This book is not about OJ Simpson or his Dream Team This book is not another rehash of the Trial of the Century It is about Ron Goldman and his blended family Overnight and through tragedy this quiet closely knit family became enmeshed in one of the ugliest and most controversial crimes in recent history The Goldmans provide a wrenching account in their own words of the ripple effect that occurs when a beloved family member is murdered and the extra burdens that develop when grief becomes a public spectacle But more important the family puts a name a face a soul to the young man referred to in the press only as a friend of or a part time waiter and sometime model The Goldmans are a family with whom all of us can identify They share memories of happier times and recount moment by moment learning of Ron's untimely death and the nightmare that followed They share their reactions throughout the criminal trial up to and including the heart stopping verdict And they reveal the details of the civil trial that were never before allowed to be made public due to the gag order imposed on all participants And finally they reveal their determination to bring much needed reforms to the criminal justice system and to give voices to other victims of violent crimes Much of what Ron's family has to say will surprise you will enrage you And most of all will break your heart **The Mayor's Message Together with the Reports of the City Officers of the City of Newark, N.J.** Newark (N.J.). Sub: My Years Underground in America's Schools Tom Gallagher, 2015-02-09 As a substitute teacher in the schools of San Francisco and South San Francisco since some time in the last millennium and in Boston before that Tom Gallagher sees kids on their worst behavior five days a week that's when business is good Once a member of the Massachusetts House of Representatives where he was affectionately known as Tommy the Commie and sat on the Joint Committee on Education Gallagher currently holds the line against academic entropy in everything from pre Kindergarten through 12th Grade from Physics to Phys Ed The fundamental stance of *Sub My Years Underground in America's Schools* is why it dares raise questions like why the guy who invented middle schools was never prosecuted for crimes against humanity At the same time Gallagher finds much of the current national debate on education misplaced the system works just fine for some while for others schools are asked to solve problems in children's lives that are far beyond their scope Back cover
