#### Physical Geography: The Earth's Surface

This diagram illustrates the relationship between physical geography and human geography. It shows how physical features like landforms, climate, and natural resources influence human activities and vice versa. The diagram is divided into three main sections: Physical Geography, Human Geography, and the interaction between them. The Physical Geography section includes Landforms, Climate, and Natural Resources. The Human Geography section includes Population, Culture, and Economics. The interaction section shows how these factors influence each other at different scales: Global, Regional, Local, and Individual.
