- The shiny new bicycle was like a new toy.
- A red like blood.
- The fall of the empire was as swift as a falling star.
- Beautiful as advertising.
- He acts like a bull in a china shop!
- Narrow as a corridor.
- Her voice was like velvety chocolate.
- The book is as black as coal.
- She smiled like the Mona Lisa.
- She is like a flower.
- The weather today is as warm as summer.
- She was as cute as a button.
- A bad sleep makes you as tired as an elephant.
- Being a hard worker is like washing windows.
- The food was awful. It was like eating cardboard.
- She looked pale as margarine.
- He smiled as if butter wouldn't melt in his mouth.
- The music played on and on like the sound made by a flute.
- The mire looked like soapy water.
- The child crawled into her mother's lap, like a contented kitten.

- She is a rock of stability.
- Love is blind.
- He's a burning candle.
- He is a sleeping tiger.
- His voice trailed off
- That woman has the face of an angel.
- For a moment, she paused
- A sense of dread washed over him
- The basement door creaked open.
- He stabbed the air with his pointer.
- He had made a belly full of promises he could not keep and now he was singing the blues
- He is a shark that will eat you up.
- Her eyes glinted with mischief.
- All I wanted to do was curl up on the sofa and vegetate until springtime.
- You've got some nerve!
- She was on cloud nine.
- The team members were off their game.
- The snow is a white blanket that covers the enemy.
- Inclement weather stopped him from leaving the house.
- The chair is the boss's throne.

**Discourse** Lynne Cameron, 2003-03-13 Metaphor in Educational Discourse is a superb piece of applied linguistics research that integrates Vygotsky's theory of concepts with current work on metaphor into a coherent framework for investigating how teachers and learners negotiate figurative language in order to promote development in the classroom setting In what is likely to become the standard for future studies in this area Lynne Cameron meticulously demonstrates the central role of linguistic metaphors in classroom learning designed to lead learners to a deeper understanding of complex mathematical and scientific concepts James P Lantolf Professor of Applied Linguistics The Pennsylvania State University This book reports research into metaphor in use with school students The setting for the research is a UK school and the participants are around ten years old with their first language well established but still developing concepts and understandings Close examination of a corpus of classroom spoken discourse reveals how metaphor is employed by their teachers not just in explaining ideas but in managing and mediating the activity of the classroom and the learning of the students Particular issues discussed include the problems of identifying metaphors in spoken discourse the conventionalism of metaphors in the discourse of socio cultural groups and how a socio cultural approach can account for systematicity in metaphor use

*Mathematical Metaphors, Memories, and Mindsets* Carmen M. Latterell, Janelle L. Wilson, 2020-04-10 United States students continue to have difficulties with the subject of mathematics Sometimes it is believed that students aren't smart enough to master mathematics or that mathematics is just too difficult for all but the chosen few This book offers an alternative explanation Students difficulties in mathematics can best be understood and explained social scientifically That is Learning Theories Agents of Socialization and more generally cultural and social milieu are relevant in trying to understand individuals ideas about mathematics The book begins by providing an overview of the current status in mathematics education Popular cultural portrayals of mathematics and mathematicians are examined The book then delves deeper into how students perceive mathematics and mathematicians by examining how students view mathematicians how students

define mathematics and what themes emerge from students mathematical autobiographies and their metaphors The book describes a semantic differential in an effort to ascertain the meanings of math that people hold and shows the different patterns of responses among various groups of people Finally the book delves into mathematical mindsets a current approach to understanding mathematical identities as well as success and failure in mathematics *The Critical Imagination* James Grant,2013-04-11 The Critical Imagination is a study of metaphor imaginativeness and criticism of the arts Since the eighteenth century many philosophers have argued that appreciating art is rewarding because it involves responding imaginatively to a work Literary works can be interpreted in many ways architecture can be seen as stately meditative or forbidding and sensitive descriptions of art are often colourful metaphors music can shimmer prose can be perfumed and a painter s colouring can be effervescent Engaging with art like creating it seems to offer great scope for imagination Hume Kant Oscar Wilde Roger Scruton and others have defended variations on this attractive idea In this book James Grant critically examines it The first half explains the role imaginativeness plays in criticism To do this Grant answers three questions that are of interest in their own right First what are the aims of criticism Is the point of criticizing a work to evaluate it to explain it to modify our response to it or something else Second what is it to appreciate art Third what is imaginativeness He gives new answers to all three questions and uses them to explain the role of imaginativeness in criticism The book s second half focuses on metaphor Why are some metaphors so effective How do we understand metaphors Are some thoughts expressible only in metaphor Grant s answers to these questions go against much current thinking in the philosophy of language He uses these answers to explain why imaginative metaphors are so common in art criticism The result is a rigorous and original theory of metaphor criticism imaginativeness and their interrelations *From a Metaphorical Point of View* Zdravko Radman,1995 No detailed description available for From a Metaphorical Point of View

**Introduction to Classical Chinese Philosophy** Bryan W. Van Norden,2011-03-04 This book is an introduction in the very best sense of the word It provides the beginner with an accurate sophisticated yet accessible account and offers new insights and challenging perspectives to those who have more specialized knowledge Focusing on the period in Chinese philosophy that is surely most easily approachable and perhaps is most important it ranges over of rich set of competing options It also with admirable self consciousness presents a number of daring attempts to relate those options to philosophical figures and movements from the West I recommend it very highly Lee H Yearley Walter Y Evans Wentz Professor Religious Studies Stanford University *Online Risk to Children* Jon Brown,2017-07-24 Online Risk to Children brings together the most up to date theory policy and best practices for online child protection and abuse prevention Moves beyond offender assessment and treatment to discuss the impact of online abuse on children themselves and the risks and vulnerabilities inherent in their constantly connected lives Global in scope setting contributions from leading researchers and practitioners in the UK in international context via chapters from Australia the USA and Europe Key topics covered include

cyberbullying peer oriented abuse victim treatment approaches international law enforcement strategies policy responses and the role of schools and industry      **Perspectives on Semantic Roles** Silvia Luraghi, Heiko Narrog, 2014-08-15

Semantic roles have continued to intrigue linguists for more than four decades now starting with determining their kind and number with their morphological expression and with their interaction with argument structure and syntax The focus in this volume is on typological and historical issues The papers focus on the cross linguistic identification of semantic role equivalents on the regularity of and exceptions concerning change and grammaticalization in semantic roles the variation of encoding the roles of direction and experiencer in specific languages presenting evidence for identifying a new semantic role of speech addressee in Caucasian languages on semantic roles in word formation and finally a cross linguistic comparison of the functions and the grammaticalization of the ethical dative in some Indo European languages The book will be of interest to anyone involved with case and semantic roles with the syntax semantics interface and with semantic change and grammaticalization
