The CCL Handbook of Coaching Sharon Ting, Peter Scisco, 2012-06-14 Coaching is vital to developing talent in organizations and it is an essential capability of effective leaders. The CCL Handbook of Coaching is based on a philosophy of leadership development that the Center for Creative Leadership has honed over thirty years with rigorous research and with long rich experience in the practice of leadership coaching. The book uses a coaching framework to give a compass to leaders who are called to coach as a means of building sustainability and boosting performance in their organizations. The book explores the special considerations that leader coaches need to account for when coaching across differences and in special circumstances, describes advanced coaching techniques and examines the systemic issues that arise when coaching moves from a one to one relationship to a developmental culture that embraces entire organizations.

The Extent of the Literal M. Rakova, 2003-06-24 The Extent of the Literal develops a strikingly new approach to metaphor and polysemy in their relation to the conceptual structure In a straightforward narrative style the author argues for a reconsideration of standard assumptions concerning the notion of literal meaning and its relation to conceptual structure She draws on neurophysiological and psychological experimental data in support of a view in which polysemy belongs to the level of words but not to the level of concepts and thus challenges some seminal work on metaphor and polysemy within cognitive linguistics lexical semantics and analytical philosophy
