Metaphysics Constructing A World View Contours Of Christian Philosophy:

Metaphysics William Hasker,2016-10-19 Helping readers create a consistently Christian worldview William Hasker addresses key questions of metaphysics and discusses possible answers In the Contours of Christian Philosophy series

Metaphysics William Hasker, Christian Philosophy A-Z Daniel Hill, 2006-07-21 A handy guide to the major figures and issues in Christian philosophy from Augustine to the present This volume covers a broad historical sweep and takes into account those non Christian philosophers that have had a great impact on the Christian tradition However it concentrates on the issues that perplex Christian philosophers as they seek to think through their faith in a philosophical way and their philosophical beliefs in the light of their faith Examples of the topics discussed are the question of whether and how God knows the future whether we actually know that God exists and what Athens has to do with Jerusalem The leaders of the recent revival of Christian analytic philosophy especially Alvin Plantinga Nicholas Wolterstorff William Alston and Robert Adams are also included **The Epistemological Skyhook** Jim Slagle, 2016-05-20 Throughout philosophical history there has been a recurring argument to the effect that determinism naturalism or both are self referentially incoherent By accepting determinism or naturalism one allegedly acquires a reason to reject determinism or naturalism The Epistemological Skyhook brings together for the first time the principal expressions of this argument focusing primarily on the last 150 years This book addresses the versions of this argument as presented by Arthur Lovejoy A E Taylor Kurt G del C S Lewis Norman Malcolm Karl Popper J R Lucas William Hasker Thomas Nagel Alvin Plantinga and others along with the objections presented by their many detractors It concludes by presenting a new version of the argument that synthesizes the best aspects of the others while also rendering the argument immune to some of the most significant objections made to it

A Future for American Evangelicalism Harold Heie,2015-04-15 This book proposes that participation in God's Project of Reconciliation is the Center that can hold evangelical Christians together in the midst of great diversity in belief and ecclesiastical practices The author envisions a vibrant future for the Evangelical movement if professing evangelicals can model that rare combination of deep commitment to their own beliefs openness to listening to the beliefs of others and willingness to engage in respectful conversation with those who disagree with them in place of the combativeness that has characterized too much of Evangelicalism in the recent past The book models this type of conversation on such controversial issues as the exclusivity of Christianity the inerrancy of the bible Evangelicalism and morality Evangelicalism and politics scientific models on humanity cosmic and human origins and the future of evangelical higher education **Taking Off**Roofs and Building Bridges Alan J. Pihringer,2022-09-27 Why don't they believe the same things I do Why don't they see things my way We get frustrated when people hold differing opinions from ours or view life's major issues from conflicting angles Their system of belief their worldview seems foreign to us as they filter the events of this world in ways that we would never have imagined and then come to conclusions that we would never even consider When other peoples worldviews

contradict ours both of us cannot be right Is there a way to account for the differences and determine if one is right and the other wrong For the Christian especially can we defend the Christian worldview in a way that upholds our entire system of belief and then opens the door to share the gospel with those who believe differently from us The method of worldview apologetics enables the Christian to expose the faults in other worldviews demonstrate the truth of the Christian worldview and build a bridge for others to hear the gospel of Jesus Christ Both scholarly and practical worldview apologetics equips the Christian to assess and critique differing belief systems and fulfill the call to Great Commission outreach **Pursuing**Excellence for the Glory of God Keith A. Currivean, 2022-01-13 What is education How and why do educators do what we do And in what way can and ought education be distinctively Christian These are a few of the probing questions for which this book seeks answers Among other contributions Currivean s book explores a biblical philosophy of Christian education with unprecedented breadth and depth To accomplish this objective it considers what education is chapter 1 what philosophy of education is chapter 2 and what the ultimate goal of education is chapter 3 Additionally this book provides a never before Christian overview of twelve philosophies of education chapters 4 15 Each of those chapters provides an introduction of a particular philosophy of education and some of that philosophy s exemplars Each of those chapters also contributes a constructive Christian critique Chapter 16 highlights a biblical philosophy of Christian education featuring some people some principles and some priorities for a biblical philosophy of Christian education viz pursuing excellence for the glory of God

A Pictorial Directory of Ancient and Medieval Places of Baptism Daniel M. Keeran, 2009 Wood, 2009-08-20 In this study of how we know what we know W Jay Wood surveys current views of foundationalism epistemic justification and reliabilism Philosophy Made Slightly Less Difficult Garrett J. DeWeese, J. P. Moreland, 2021-03-16 Philosophy is thinking critically about questions that matter But many people find philosophy intimidating so they never discover how it can help them engage ideas culture and even their faith In this second edition of a classic text Garrett DeWeese and J P Moreland use straightforward language with plenty of everyday examples to help to Ethics Arthur F. Holmes, 2009-08-20 Arthur Holmes addresses the questions What is make philosophy a little less difficult good What is right How can we know In this second edition he also surveys a variety of approaches to ethics including cultural relativism emotivism ethical egoism and utilitarianism all with an acknowledgment of the new postmodern Our Idea of God Thomas V. Morris, 2002 Philosophy of Religion C. Stephen Evans, 1985-01-01 C environment Stephen Evans examines the central themes of philosophy of religion including the arguments for God's existence the meaning of revelation and miracles and the problem of religious language With All Your Mind Michael L. Peterson, 2001-10-29 With All Your Mind makes a compelling case for the value of thinking deeply about education in America from a historically orthodox and broadly ecumenical Christian point of view Few people dispute that education in America is in a state of crisis But not many have posed workable solutions to this serious problem Michael Peterson contends

that thinking philosophically about education is our only hope for meaningful progress In this refreshing book he invites all who are concerned about education in America to participate in his study which analyzes representative theories and Philosophy, Who Needs It? Jason D. practical strategies that reveal the power of Christian ideas in this vital area Crowder, 2016-03-02 Too often skeptics charge Christians with having a blind faith Unfortunately believers have added fuel to the charges of skeptics by speaking of their faith illogically But the Christian faith is not a blind faith In fact biblical faith is never a blind irrational faith Christianity rests firmly on the stone that was rejected by the builders which has become the cornerstone Jesus Christ Acts 4 11 Living biblically requires thinking biblically just as to think biblically entails to live biblically as Winfried Corduan notes in the Foreword As followers of Christ believers cannot separate biblical thinking and biblical living These two behaviors are eternally connected not only in the person of Jesus Christ but they stem from the eternal being of God the Father and his eternal truth Christ mandates that his followers love God with their entire being heart soul mind and strength Mark 12 30 How are believers to go about living out this biblical mandate Christian faith is a warranted belief This is why it is so essential that Christians recognize the value and importance of philosophy and its proper place in Christendom and in the Christian's walk **Philosophy of Science** Delvin Lee Ratzsch, 1986 Epistemology, the Justification of Belief David L. Wolfe, 1982 The Contours of Christian Philosophy series will consist of short introductory level textbooks in the various fields of philosophy These books will introduce readers to major problems and alternative ways of dealing with those problems These books however will differ from most in that they will evaluate alternative viewpoints not only with regard to their general strength but also with regard to their value in the construction of a Christian world and life view Thus the books will explore the implications of the various views for Christian theology as well as the implications that Christian convictions might have for the philosophical issues discussed It is crucial that Christians attain a greater degree of philosophical awareness in order to improve the quality of general scholarship and evangelical American Book Publishing Record ,1984 theology Themelios ,1984 Books in Print .1991
